

Graduate Outcomes 2020/21

Full-time UK domiciled first degree graduates - 15 months after Bath

The University of Bath has an excellent record of graduate employment, featuring in the top ten for graduate prospects in three major national league tables*. Across all subjects, 92% of Bath 2020/21 graduates who are employed in the UK are in high skilled employment, compared to 74% nationally#. Hundreds of employers of all sizes and from all industries each year advertise vacancies, deliver presentations or network with our students; we are in the top 15 universities targeted by employers†.

The information shown here is from the Higher Education Statistics Agency (HESA) Graduate Outcomes survey for 2020/21 leavers. It is the biggest UK annual social survey and captures the perspectives and current status of recent graduates, 15 months after leaving university.

Studies within Social and Policy Sciences covers a broad-based training in the social sciences that is focused on cutting-edge issues of social change and justice. Graduates from these courses develop many skills that make them attractive to prospective employers. These include teamwork, critical thinking, analytical and problem-solving skills, as well as knowledge of specialist social science principles. They often hold diverse roles in many different sectors such as local and national government, education, charity sector and in business.

Courses included:

- Social Policy BSc
- Social Sciences BSc
- Sociology and Social Policy BSc
- Sociology BSc
