

World-class research and technology transfer in marine energy

3rd PRIMaRE Conference

5-6 July 2016

University of Bath, Bath

Call for Abstracts

The annual conference provides a forum for exchanging latest research & development and fostering collaborations in Marine Renewable Energy. It covers a wide range of topics in marine renewable energy, including technology, policy, environment, hydrodynamics, resources, materials and operations etc.

In order to present your research please **submit a one page abstract** including aims & objectives, methodology and a summary of your findings to

events@primare.org

By 11 April 2016
