Chair's Report

by Justin Dillon

Dear Colleagues,

For many of us, this year's AERA meeting in Montréal will be the first opportunity to visit one of the world's most magnificent cities. To do so in a climate of academic stimulation adds immeasurably to the occasion. Our SIG continues to grow intellectually and to mature socially. The programme of roundtables, papers and discussions is particularly strong. Through the generosity of Carfax and of La Biosphère, SIG activities in Montréal will be more varied than ever and we especially welcome the unique contribution of colleagues from Canada.

Chers Collègues,

Pour la plupart d'entre nous, la conférence AERA de cette année à Montréal sera la première occasion pour visiter l'une des plus célèbres villes du monde. Pouvoir le réaliser dans une atmosphère de scolarité stimulante ajoute infiniment à cet événement. Le 'SIG' continue à grandir intellectuellement et mûrir socialement. Le programme de table rondes, d'exposés sur les travaux de recherche et les discussions est particulièrement bien développé. Grâce à la générosité de Carfax et de La Biosphère, les activités du 'SIG' à Montréal seront plus variées que jamais et nous accueillons tout spécialement la contribution unique de nos collègues du Canada.

Special SIG Events Scheduled in Montréal

In addition to sessions listed on the AERA program and on pages 3-4, the E&EE SIG will also hold two special social occasions: mark them on your schedules!
