Assessment

The University of Bath, UK, in conjunction with Amman Bacculaureate School in Jordan offers an opportunity for qualified educators to participate in the University's MA in Education programmes. The full MA programme comprises five taught units and a dissertation. Each taught unit is followed by individual research and the submission of a 5,000 word written assignment.

In June 2020 the **Assessment** unit will be taught in Amman. The unit, which is relevant to teachers of all age ranges, will address a number of issues, including the following:

- develop understanding of key concepts and terminology in the field of educational assessment;
- broaden participants' awareness of the variety of assessment options available and their applicability to different purposes and contexts;
- encourage critical reflection on assessment practice;
- raise awareness of the roles of assessment in broader educational and social contexts; familiarise participants with recent debates and research in this field.

Participants may use the Masters level credits gained by successful completion of this unit towards the **International Bacculaureate Educator Certificates** (previously known as IB Teacher Awards Levels 1 and 2). See: www.bath.ac.uk/education/postgraduate/international-baccalaureate/

Why study a Masters unit at a University of Bath Study Centre?

The Department of Education at the University of Bath offer students a number of ways of working towards the degree of MA in Education, or the Postgraduate Certificate and Postgraduate Diploma in Education which form part of the same programme – by distance learning, full time study, attending our popular Summer School (July, in Bath) and/or participating in one of our successful Study Centre programmes around the world. The Study Centre method of study is based on units taught by a University of Bath tutor, and enables local and international educators to share their experiences and learn together. Students work with other teachers and educators in an intensive learning environment with the guidance and full support of an experienced unit tutor.
