QA20 Template 1 ... Examples of legal agreement templates
1. **Scope and definitions**

1.1 **Definition** - Collaborative provision refers to any educational provision leading to an award, or to specific credit, of the University of Bath which is delivered, supported or assessed through an arrangement with one or more partner organisations.

1.2 **Scope** - The main types of collaborative provision covered by this statement and with which the University may be involved includes:

- Franchised provision;
- Licensed provision;
- Validated provision;
- Articulation arrangements;
- Joint delivery (awarded by the University or by the partner);
- Joint awards;
- Double or multiple awards.

1.3 The above list is not exhaustive and any new proposals for collaborative working should be discussed with staff in the Learning and Teaching Enhancement Office (LTEO), in the first instance. Definitions of these types of collaborative provision can be found in Annex A.

1.4 The University does not permit serial arrangements where a partner of the University offers approved collaborative provision to a third party.

1.5 **Exclusions** The following collaborative provision is covered in alternative statements:

- placement learning and study abroad (which are covered by QA6);
- research degree collaborations (which are covered by QA7);
- student exchange arrangements, including Erasmus exchanges (which are covered by QA37).

1.6 Indicative responsibilities of the University and its partners for collaborative provision arrangements are highlighted in Annex B.

1.7 A number of institutions have been identified as Preferred Partners of the University. These partners are of significant strategic importance to the University. Further information on Preferred Partners can be found in Annex K.

1.8 **Further advice** Further general advice on collaborative provision can be sought at an early stage from the Quality Enhancement Officer with responsibility for Collaborative Provision, LTEO.

2. **Principles and overview**

2.1 The University of Bath is committed to supporting student learning experiences through collaborative provision where appropriate, whilst working to assure the overall academic standard of the awards conferred by the University of Bath and the quality of the learning experiences and associated support for students.

2.2 The University takes a risk-based approach to developing and managing its collaborative activity, whereby effort expended will be proportionate to factors such as the nature of the partner organisation, and the complexity of the arrangements, thereby ensuring that the quality and standards of all collaborative provision will be as rigorous, secure and open to scrutiny as those for programmes delivered entirely by the University of Bath.
2.3 Collaborative provision should be developed within the context of both the University’s Education Strategy (2013/14 – 2015/16) and the University’s International Strategy.

3 Roles and responsibilities

3.1 A member of Department/School staff should be identified as being the Lead Proposer for a collaborative arrangement. This would usually be an academic member of staff, however in certain circumstances it may also be a member of administrative/professional services staff. This person is responsible for managing the process of approving the proposal; acting as a key liaison with the proposed collaborative partner; and for overseeing the management of the arrangement once approved. Where a lead proposer leaves the University or goes on sabbatical leave, the responsibility for overseeing the arrangement will rest with the Head of Department/Dean of the School of Management until a replacement is identified.

3.2 The Learning Partnerships Office (LPO) is responsible for the management of local partner collaborative provision. The Continuing Professional Development Support and Development Office (CPDSDO) is responsible for Continuing Professional Development (CPD) provision. The academic oversight of this provision is maintained by the academic department/School.

3.3 For collaborative provision managed by these Offices, a Link Academic Adviser (LAA) should be appointed to liaise with, support and advise the partner organisation with respect to the academic development and enhancement of an approved collaborative arrangement. The LAA subject expert will normally be sourced from the relevant academic department/School within the University however in exceptional circumstances a LAA may be appointed externally. This may be a different person from the Lead Proposer referred to in 3.1 above.

3.4 A number of key University staff are responsible for providing professional and legal advice at different stages when considering a collaborative proposal for approval. These staff are identified in the guidance at each stage in the appropriate annex.

3.5 The following committees are responsible for scrutinising and approving the strategic case for partnership (stage 1):

- **Boards of Studies (BoS)** are responsible for giving strategic consideration to proposals from the School/Departments for academic collaboration and for recommending proposals to the Academic Programmes Committee;
- **Academic Programmes Committee (APC)** is responsible for recommending to Senate the approval of new partner organisations, for giving strategic consideration to proposals for new programmes/unit(s) to be delivered by collaborative partners and for the approval of the renewal or termination of programmes/unit(s)/unit(s) delivered under collaborative arrangements;
- **Senate** is responsible for giving strategic approval to new partner organisations.

3.6 The following committees are responsible for scrutinising and approving the academic case for partnership (stage 2):

- **Faculty/School Learning, Teaching and Quality Committees (F/SLTQC)** are responsible for scrutinising proposals for collaborative partners to deliver new or existing programmes/unit(s), proposals for amending such arrangements, and proposals for renewing such arrangements, in order to make recommendations to the Programmes and Partnerships Approval Committee;
- **Programmes and Partnerships Approval Committee (PAPAC)** is responsible for recommending to Senate proposals for collaborative partners to deliver new or existing programmes/unit(s), proposals for amending such arrangements and proposals for...
renewing such arrangements;

- **Senate** is responsible for the academic standards of all programmes/unit(s) leading to an award of the University of Bath.

3.7 The **University Learning, Teaching and Quality Committee (ULTQC)** is responsible for overseeing the success of collaborative arrangements and for the effectiveness of the approval, amendment, renewal and termination procedures set out in this statement and for receiving a collaborative provision report on an annual basis.

4. **Memorandum of Understanding**

4.1 The production of a memorandum of understanding can be the first step to formally engaging with a collaborative partner. It is used to express an intention to co-operate possibly with a view to considering the potential for a future collaboration associated with academic provision.

4.2 All memoranda of understanding must be signed by the Vice-Chancellor.

4.3 For further advice on the approved process for producing a memorandum of understanding, please liaise with the University Legal Advisers.

5. **APPROVAL OF COLLABORATIVE PROVISION ARRANGEMENTS**

5.1 The approval of collaborative provision arrangements involves a two-stage process: strategic consideration followed by detailed academic consideration. These two stages must be undertaken sequentially.

5.2 A Preliminary Enquiry Form (QA20 Form 1) must normally be completed at the outset to scope the proposal, identify the initial level of risk and to reach a decision guided by key staff as to whether to continue with the proposal. If key staff have already been consulted separately then only part two of this form needs to be completed. When developing collaborative provision with a Preferred Partner, a separate risk assessment of the partner should be completed at the point of establishment of the partnership (see guidance in annex K), and therefore the Preliminary Enquiry Form is not required.

5.3 Advice on the approval process for any type of collaborative provision can be sought from LTEO.

6. **STAGE ONE: Strategic consideration**

6.1 The aim of giving strategic consideration to a collaborative proposal is to ensure that:

- the collaboration proposal is consistent with the [University’s Mission Statement and Strategy](#);
- the aims and objectives of the organisation are compatible with those of the University of Bath, and the organisation is of a suitable standing;
- the partner has effective quality assurance mechanisms and is likely to be able to offer appropriate quality of provision for a University of Bath award;
- the University has the disciplinary expertise required to approve and manage the partnership;
- any risks are identified and can be appropriately managed;
- the collaboration is financially sound.

6.2 Strategic consideration is required for approving:
- a new partner;
- institutional approval of a Preferred Partner to deliver new or existing programme or units;
- a new or existing partner to deliver a new or existing programme or units;
- an articulation arrangement.

6.3 If a proposal to work with a new/existing partner involves a new programme or units, stage one of [QA3 Approval of New Programmes of Study](#) must be undertaken alongside stage one of QA20.

6.4 Before a bid for external funding for proposals involving taught collaborative provision is submitted, stage one must be undertaken and approved. Advice should be sought from LTEO at the earliest point, in particular with regards to meeting any deadlines set by external bodies.

6.5 Specific guidance on the process and due diligence required for stage one can be found in the annex:

- standard collaborative provision proposals – annex C;
- articulation arrangements – annex I;
- preferred partners – annex K.

6.6 In all instances, APC will give strategic consideration to the proposal. If the proposal is acceptable and involves a new partner, APC will recommend Senate to approve the proposed partner organisation.

6.7 Senate will give strategic approval (or not) to the proposed new partner organisation.

7. **STAGE TWO: Detailed academic consideration of a new partner**

7.1 All credit-bearing provision requires stage two approval (including credit-bearing CPD). Stage two gives detailed academic consideration of the ability of that partner to deliver the programme/unit(s). The aim of stage two is to enable the University to satisfy itself that the partner has appropriate resources and policies in place to deliver a particular programme/unit(s) to University of Bath standards and to approve the programme/unit(s) provision.

7.2 Where a collaborative proposal involves a new programme of study/unit(s), stage two of [QA3 Approval of New Programmes of Study](#) should be undertaken alongside stage two of QA20.

7.3 Specific guidance on the process and due diligence required for stage two can be found in the annex:

- Standard collaborative provision proposals – annex D;
- Articulation arrangements – annex I;
- Preferred partners – annex K

7.4 In all instances, F/SLTQC is required to consider information about the ability of the proposed partner to deliver the relevant programme/unit(s) or in the case of articulation arrangements F/SLTQC is responsible for the academic scrutiny of the proposal.

7.5 **Resource Visit:** Following F/SLTQC approval, it is expected that a resource visit will be undertaken for most collaborative proposals. The aim of the resource visit is to assess the partner organisation's learning and teaching infrastructure in relation to the proposed
programme/unit(s). Standard guidance on who should attend and how the visit should be conducted can be found in annex D. Guidance for articulation arrangements and preferred partners can be found in annex I and K respectively. QA20 Form 2 must be used for all resource visit reports.

7.6 A case can be made for not requiring a resources visit; for example where the proposed collaboration is with a well-established HE institution of similar standing to the University of Bath or where the proposal has been classed as low risk using the Preliminary Enquiry Form. This case should be considered by the F/SLTQC at the same time as information about the proposal is considered and a recommendation put forward to the Secretary of PAPAC to seek the agreement of that committee that a resources visit is not necessary. Advice on this can be sought from LTEO.

7.7 Detailed scrutiny of the proposed partner to deliver the programme/unit(s) will then be undertaken by PAPAC (including consideration of the resources visit report if applicable).

7.8 The collaborative arrangement will be recommended to Senate for approval.

8 Drawing up and signing of legal agreements

8.1 All collaborative partnerships must have a signed legal agreement in place as soon as possible after approval has been granted and before delivery of the provision commences to ensure that each partner involved understands and agrees to their rights and responsibilities.

8.2 All agreements for collaborative provision covered by this statement can only be signed by the Vice-Chancellor.

8.3 For validated, licensed or franchised provision a partner agreement will give general details of the management of the programme(s) as well as academic and other arrangements. A programme agreement will give the specific details of the programme/unit(s) involved. A single partner agreement may cover multiple programme agreements; a programme/unit level agreement will be needed for each programme or unit.

8.4 For other types of collaborative provision, such as jointly-delivered programmes, the arrangements will normally be set out in a single agreement which covers points relating to the partner and the programme in one document.

8.5 Departmental/School/Learning Partnerships Office staff are responsible for ensuring that a legal agreement is drawn up during the approval process, with professional input from the Legal Advisers, and staff in LTEO and Academic Registry as required, to ensure that the detail of an agreement is fit for purpose. Where a partner organisation requires there to be an amendment to the standard agreement, the University’s Legal Advisers must be consulted on this.

8.6 Example templates of legal agreements can be found attached to this statement (QA20 Template 1). These should be used wherever possible when drawing up agreements.

8.7 The list of indicative responsibilities in annex B should be considered when drawing up an agreement with a partner.

8.8 There are a number of features that should always appear in the legal agreement documentation irrespective of the format followed, in order to safeguard the interests of the University and the students. Further guidance about this can be found in annex E.

8.9 Once approval of a collaborative arrangement has been given by the PAPAC, the corresponding legal agreement/s must be finalised and signed off. The process for doing this
8.10 LTEO is responsible for ensuring that a central, publicly available, register of all collaborative provision delivery agreements is held by the University of Bath. The register of agreements is submitted to APC and Senate on an annual basis.

8.11 The delivery of collaborative provision cannot commence without a legal agreement, which has been signed by both partners, in place.

9. MANAGEMENT OF COLLABORATIVE ARRANGEMENTS

9.1 There is an expectation that once collaborative arrangements have been through an approval process, further appropriate processes should be put in place to ensure the ongoing management of the provision.

9.2 An indicative list which includes the responsibilities for the management of a collaborative arrangement can be found in annex B.

9.3 It is expected that all collaborative provision should be managed and monitored through a Programme and Partner Management Committee (or equivalent) which includes members from both the University and the partner institution. There should be a minimum of one meeting per academic year, with two or more meetings being good practice, depending on the nature of the collaboration. Provision for such a committee should be included in the legal agreement.

9.4 The remit of this committee (or equivalent) is to assure itself that the arrangement remains in line with the approved agreement and the responsibilities outlined in that agreement. This committee is also responsible for:

- the ongoing monitoring of resources relevant to the provision at the partner institution through the discussion of any changes, excluding articulation arrangements (normally through Degree Scheme Reviews, Annual Monitoring, Staff Student Liaison Committees for example);
- the ongoing monitoring of any changes to the partner’s policy for the selection, recruitment and development of staff to ensure it stays appropriate for the partnership;
- the ongoing monitoring of staff teaching on the programme/unit(s) for high-risk partnerships (through Annual Monitoring Reports);
- the effective control of accurate, accessible information (to prospective and current students) about the programme/unit(s) and the partnership;
- ensuring that the appropriateness of the curriculum delivered by the partner is being monitored through EE reports, Link Academic Adviser comments etc. For articulation arrangements this involves ensuring the initial curriculum that has been mapped still remains appropriate for articulation;
- monitoring and considering student feedback;
- discussing enhancement activities.

9.5 Some of the activities outlined in 9.4 may be dealt with by a sub-group of this committee, where appropriate.

9.6 For collaborations involving international partnerships a member of the International Relations Office should be invited to attend the programme and partner management committee.

9.7 It is the University’s responsibility to appoint External Examiners for all collaborative arrangements awarded by the University of Bath (see QA12).
10. Monitoring and review of collaborative arrangements

10.1 Regular and appropriate monitoring of collaborative provision arrangements is essential so that the University can assure itself of the continuing quality and standards of the collaborative programme/unit(s).

10.2 Annual monitoring reports should be undertaken in line with standard University procedures as set out in QA51 Annual Monitoring of Units and Programmes.

10.3 Degree Scheme Reviews (DSR) should be undertaken in line with standard University procedures as set out in QA13 Degree Scheme Reviews. Where possible DSRs should be undertaken the year prior to the renewal of a programme level arrangement.

10.4 The Link Academic Adviser’s role includes monitoring the progress of programme/unit(s) at a partner organisation; if the Link Academic Adviser becomes aware of any issues relating to a programme/unit(s) delivered at a partner organisation they should bring these to the attention of the relevant Head of Department/Associate Dean/Head of Learning Partnerships.

10.5 Where collaborative arrangements involve overseas partner organisations the International Relations Office should be kept informed of any issues identified during the monitoring and review of an arrangement. Equally, should the International Relations/Mobility Office become aware of any issues relating to an overseas collaborative partner they should bring these to the attention of the relevant Head of Department/Associate Dean/Head of Learning Partnerships.

10.6 The University Learning, Teaching and Quality Committee will monitor the success of collaborative arrangements through:

- the receipt of monitoring reports after the first year of a collaborative programme/units;

and when considering:

- the annual overview of Degree Scheme Reviews (QA13);
- the summaries of Annual Monitoring Reports of Programmes (QA51);
- an annual report on all collaborative provision across the University to identify cross-University issues and good-practice.

10.7 Collaborative arrangements will also be subject to review at the point of renewal, usually every five years (see section 13).

11. Transcripts and certificates

11.1 The University retains the authority for producing academic transcripts and awarding certificates in relation to student achievement on a collaborative programme (or part of a programme). In circumstances where this authority is delegated to the partner (or in the case of a joint award where it is jointly awarded), the University retains oversight/shared oversight of this process.

11.2 With collaborative provision where the principal language of instruction is not in English, either the certificate or the academic transcript will state the language of instruction.

11.3 The names of all collaborative partners involved in the delivery of a programme/unit(s) must be listed on either the certificate and/or the academic transcript. For franchised programmes/unit(s), the partner should be listed on the transcript. For licensed and validated programmes/unit(s) the partner should be listed on the certificate. For joint
awards, all partners involved must be listed on the certificate.

11.4 Guidance on the production of transcripts (with particular information for collaborative arrangements) is available from Academic Registry.

12. Amendments to collaborative arrangements and programmes/unit(s)

12.1 Proposals to amend specific units or programmes of study for an existing collaborative arrangement should follow the procedures set out in QA4 Amendments to existing units and programmes of study and the approval of new units.

12.2 Proposals to amend the actual arrangement or agreement(s) must follow the guidance set out in annex F and be scrutinised by the University in order to ensure that University of Bath standards are being upheld.

12.3 A proposal to amend an arrangement or agreement needs to be approved using QA20 Form 3. In developing a case for amendment, advice should be sought from the appropriate University staff as relevant to the nature of the amendment being proposed (further guidance can be found in annex F). Advice should be sought from the University's Legal Advisers on proposed amendments to the legal agreement.

12.4 APC is responsible for the strategic consideration to amend the arrangement.

12.5 F/SLTQC is responsible for giving detailed consideration to the proposed amendment.

12.6 PAPAC is responsible for the final approval of the proposed amendment to the arrangement.

12.7 Once approval has been given to an amended collaborative arrangement, the amendment to the relevant agreement/s must be signed by the Vice-Chancellor following the process set out in annex E.

12.8 The approval of an amendment to an existing collaborative arrangement will be reported to Senate for noting.

13. Renewal of collaborative arrangements

13.1 It is expected that all collaborative arrangements will be subject to renewal on a five yearly basis. Renewal arrangements for shorter periods of time may be established where appropriate.

13.2 All collaborative arrangements must complete a review in the year preceding the expiry date of the existing legal agreement. This is to ensure there is sufficient time to review the arrangements and secure approval to renew the arrangement prior to the agreement lapsing.

13.3 Further guidance on the standard process of renewal can be found in annex G. Guidance for the renewal of Articulation Arrangements can be found in annex J. For all renewals (relating to programme/unit(s) and/or partner), QA20 Form 4 needs to be completed.

13.4 For arrangements that relate to a programme/unit(s), the review of the programme/unit(s) should normally be undertaken through a Degree Scheme Review. Where, for good reason, it is not possible to undertake a Degree Scheme Review at that point, a statement from the partner on the future direction of the programme, plus student feedback, should be provided instead.
13.5 For arrangements that relate to a partner, a review of the partner, including a summary of all programmes that are run at the partner, should be undertaken. Reviews of partner level arrangements should make reference to, but not duplicate, information gained through programme/unit(s) review.

13.6 Where incremental or other amendments to the original collaborative partnership arrangement have substantially altered its focus and purpose, the Director of Studies will seek advice from LTEO as to whether the renewal proposal should be treated as if it were a 'new' arrangement.

13.7 Where there have been major changes to the arrangements for an agreement, or where there are concerns regarding an arrangement, a resource visit should be organised to the partner organisation to help assure the University of the quality of the partner's provision. Advice on this can be sought from LTEO.

13.8 A draft report should be sent to the partner organisation for confirmation of factual accuracy and comment.

13.9 APC is required to give strategic approval of the renewal of collaborative arrangements.

13.10 FLTQC should scrutinise all information outlined in QA20 Form 1 and recommend (or otherwise) renewal of a collaborative arrangement.

13.11 PAPAC should give appropriate scrutiny to the report form and consider approval (or otherwise) of the renewal of a collaborative arrangement.

14. Termination and non-renewal of collaborative arrangements

14.1 The termination or non-renewal of a collaborative arrangement comprises two elements: strategic approval and final approval. These two elements would normally occur simultaneously but can occur consecutively if necessary. Further guidance about this process can be found in Annex H.

14.2 If the termination/non-renewal of the arrangement involves a programme/unit(s), then QA4 Form 2 should be completed and used for both stages. If a termination/non-renewal only involves a partner who is not delivering any current provision, then only QA20 Form 5 should be completed and used for both stages.

14.3 APC will grant strategic approval where an appropriate rationale has been provided and will grant final approval where it is satisfied that the interests of current students, and students accepted for admission, are being appropriately protected.

14.4 The Dean (or in the case of Learning Partnerships the Pro-Vice-Chancellor Learning and Teaching) with guidance from the Department/School/Learning Partnerships Office and the Legal Office, is responsible for communicating a strategic decision to terminate or not renew an arrangement to the affected partner organisation(s) including the formal notice of termination (where required) and negotiating arrangements for the support of remaining students to completion.

14.5 APC will provide an annual summary of terminations and non-renewals to Senate.

Annex A – Definitions of Types of Collaborative Arrangements
Annex B – Indicative Responsibilities of Collaborative Arrangements
Annex C – Standard Approval Process: Stage 1 Strategic Consideration
Annex D – Standard Approval Process: Stage 2 Detailed Consideration

DEFINITIONS OF TYPES OF COLLABORATION PROVISION

The list below identifies the types of collaborative provision that the University of Bath currently engages with (or has the legal capacity to engage with):

Franchising
A process by which a degree-awarding body agrees to authorise another organisation to deliver (and sometimes assess) part or all of one (or more) of its own approved programmes. Often, the degree-awarding body retains direct responsibility for the programme content, the teaching and assessment strategy, the assessment regime and the quality assurance. Students normally have a direct contractual relationship with the degree-awarding body.

Licensing
A process by which the University of Bath agrees to authorise another organisation to deliver part or all of one (or more) of its own approved programmes. The University retains direct responsibility for the programme content, the teaching and assessment strategy, the assessment regime and the quality assurance; however the students normally have a direct contractual relationship with the partner institution.

Validation
A process by which an awarding institution judges a module or programme developed and delivered by another institution or organisation and approves it as of an appropriate standard and quality to contribute, or lead to one of its awards. Students normally have a direct contractual relationship with the partner institution.

Articulation arrangements
A process whereby all students who satisfy academic criteria on one programme are automatically entitled (on academic grounds) to be admitted with advanced standing to a subsequent part or year of a programme of a degree-awarding body. Arrangements, which are subject to formal agreements between the parties, normally involve credit accumulation and transfer schemes.

Jointly delivered, awarded by the University of Bath
An arrangement under which two or more degree-awarding bodies together provide a programme leading to a single award made by the University of Bath only.

Jointly delivered, awarded by partner
An arrangement under which two or more degree-awarding bodies together provide a programme leading to a single award made by the Partner institution only.

Joint award
An arrangement under which two or more degree-awarding bodies together provide a programme leading to a single award made jointly by both, or all, participants. A single certificate or document (signed by the competent authorities) attests to successful completion of this jointly delivered programme, replacing the separate institutional or national qualifications.

Double/dual and multiple awards
An arrangement where two (double/dual) or three or more (multiple) degree-awarding bodies together provide a single jointly delivered programme (or programmes) leading to a separate award (and separate certification) of each awarding body.
(Quality Assurance Agency: http://www.qaa.ac.uk/about-us/glossary?Category=D#68)

It should be noted that the above list is not exhaustive and any new proposals for collaborative working should be discussed with staff in the Learning and Teaching Enhancement Office, in the first instance.
INDICATIVE RESPONSIBILITIES FOR COLLABORATIVE PROVISION

The following is a list of indicative responsibilities which should be considered when drawing up an agreement and managing an arrangement with a partner. This is specific to franchised, licensed and validated arrangements but can be used as a prompt for other arrangements.

STANDARD APPROVAL PROCESS – STAGE 1 STRATEGIC CONSIDERATION

Standard process for the approval of:
- new partner
- new partner to deliver a new programme/unit(s)*
- new partner to deliver an existing programme/unit(s)
- existing partner to deliver a new programme/unit(s)*
- existing partner to deliver an additional existing programme/unit(s).

* Process for strategic approval should be integrated with the activities listed in QA3: Approval of new programmes of study for stage 1 (initial approval) of new programmes/unit(s).

Please consider this guidance alongside QA20 section 6 (Stage 1 Strategic Consideration).

Figure 1
1. **Preliminary Enquiry form (QA20 Form 1)**
   The Preliminary Enquiry form must normally be completed at the outset to scope the proposal (part one) and to give a basic identification of the level of the risk associated with the proposal (part two).

2. **Consultation with staff**
   The completed Preliminary Enquiry form should be sent to LTEO who will then obtain feedback from key staff (where appropriate) normally within three weeks. LTEO will provide a steer to the Lead Proposer as to the level of risk and whether the proposal should be continued. The key staff are as follows:
   - Head of Department;
   - Dean of Faculty/School;
   - Quality Enhancement Officer (with responsibility for collaborative provision) in LTEO;
   - Director of International Partnerships and Head of International Relations (overseas partnerships only);
   - Head of Learning Partnerships;
   - Pro-Vice-Chancellor (Internationalisation) (overseas partnerships only);
   - Pro-Vice-Chancellor (Learning and Teaching).

   The following staff may be consulted as appropriate:
   - Director of Academic Registry;
   - Director of Student Recruitment & Access;
   - Director of Finance;
   - Director of Policy and Planning.

   The Lead Proposer will then make a decision based on the feedback received from the key staff whether to continue to stage 1 approval.

3. **Evidence for stage one approval**
   The evidence required will depend on the partner and the level of risk involved, for example:
   - where the proposed collaboration is with a well-established UK HE institution of similar standing to the University of Bath (with a low level of risk associated), a lighter touch approach to approval may be appropriate and less evidence may be required;
   - conversely, where a proposed partner has either little or no previous experience of working within UK Higher Education or working collaboratively then a greater amount of evidence will be required in line with the risk associated. Advice on this can be sought from the Learning and Teaching Enhancement Office.

   **Evidence at stage one** would typically include:
   - the Preliminary Enquiry form (QA20 Form 1);
   - mission statement and/or strategic plan;
   - history and description of the institution (including the legal standing of the prospective partner and its capacity in law to contract with the University of Bath, particularly its legal and regulatory capacity to contract in regards to joint awards);
   - copies of reports from any external institutional audit/assessment review undertaken in the past 5 years, or other indicators of educational quality as appropriate;
   - details of the standing and effectiveness of any current or previous relationship with the University of Bath or other UK awarding institution.

   where a proposal involves a new programme/unit(s) proposal then all the additional information outlined in [QA3: Approval of new programmes of study](#) for the first stage approval of a new programme will also be required. In particular, see section 6.3 of QA3 which confirms the requirements for External Reviewer input into stage 1 proposals.
Evidence at this stage **may also** include:

- statement of the available IT and library resources;
- statement of the available student support services including arrangements for recognising and enabling the needs of disabled students to be met. Each of the University's partner organisations is required to produce an Equality Policy for review by the University, and its policy in relation to disabled students may be checked by the Student Disability Advice Team;
- statement of the available support for careers information and guidance, including management of the relationships with employers and placement providers (where appropriate);
- audited accounts for the previous 5 years;
- institutional quality assurance arrangements;
- institutional staff development policy;
- institutional policy on student complaints;
- institutional health and safety policies and practices;
- confirmation of consultation with, and agreement by PRSBs (where appropriate).

This list is not exhaustive and there may be other information required for certain proposals. Advice can be sought from LTEO.

### Further evidence required for international partnerships
Where proposals involve international collaboration, further evidence will be required and will usually include:

- standing in relevant international, regional and national table rankings;
- a country and institutional briefing on the political, ethical and cultural context of the country concerned including cultural assumptions about Higher Education learning;
- foreign and Commonwealth Office (FCO) advice and information on anti-bribery and corruption measures);
- confirmation from the proposed partner on the institution of the language of instruction (only required for countries where English is not the official language);
- information on any requirements for a potential partnership (especially joint awards) to be accredited or recognised by the appropriate authorities in the jurisdiction where provision will be delivered;
- a statement from the Legal Office confirming the legal standing of the prospective partner and its capacity to contract with the University of Bath and grant relevant awards, especially joint awards.

### Further evidence required for licensed and validated provision
- proposed licensed/validation fee and fee to be charged to students.

4. **Faculty/School Board of Studies**
   Faculty/School Board of Studies is responsible for giving strategic consideration to the proposal and recommending one of the following to Academic Programmes Committee: a) approve; b) approve subject to conditions; or c) reject the proposal

5. **Academic Programmes Committee (APC)**
   APC is responsible for giving further strategic consideration to the proposal. The committee is responsible for either: a) recommending the proposal to Senate (if it involves the approval of a new partner); b) approving it to go on to stage two; or c) rejecting the proposal.

6. **Senate**
   For proposals that include a new collaborative partner, Senate is responsible for granting strategic approval of that partner.
7. **Proceed to stage two or produce agreement**

If the partner has been approved but there is no intention for a programme/unit(s) to be delivered in the first instance, an Institutional Agreement should be drafted at this point (see annex E). In all other instances, the proposal should proceed to stage two.
STANDARD APPROVAL PROCESS – STAGE 2 DETAILED CONSIDERATION

Process for the approval of the ability of the partner to deliver the programme/unit(s):
- new partner to deliver a new programme/unit(s)*
- new partner to deliver an existing programme/unit(s)
- existing partner to deliver a new programme/unit(s)*
- existing partner to deliver an additional existing programme/unit(s).

* Process should be integrated with the activities listed in QA3: Approval of new programmes of study for stage two (full approval) of new programmes.

Please consider this guidance alongside QA20 section 7 (Stage 2 Detailed Academic Consideration).
1. **Gather evidence**

Evidence at this stage for all proposals will usually include:

- letter of commitment or equivalent evidence from the senior management of the proposed partner organisation;
- information on the IT, library and other learning resources available at the partner organisation to support the programme/unit(s) (depending on the nature of the proposed partnership there may be significant implications with regard to the University’s licensing agreements (for example Library, IT, Moodle). Evidence must be produced to confirm discussions have been held with the Library, BUCS and eLearning regarding the proposal.);
- information on the structure of fees to ensure that full costs of assuring the quality and standards of the programme/unit(s) are met;
- policy confirming the mechanism for staff selection, recruitment and development;
- background qualifications and experience of staff with teaching responsibilities plus details of the proposed Director of Studies/ Programme Leader;
- confirmation of support from the relevant academic Department/School/Learning Partnerships Office identifying the Link Academic Adviser and an indication that they have sufficient time to carry out the role;
- where a proposal involves a Professional or Statutory Body then relevant information on this arrangement should be included.

where a proposal involves a new programme/unit(s) proposal then all the additional information outlined in QA3: Approval of new programmes of study for the second stage approval of a new programme will also be required. In particular, see section 6.3 of QA3 which confirms the requirements for External Reviewer input into stage 2 proposals.

**Further evidence required for validated provision**

Where proposals involve validated provision, further evidence will be required (in addition to that listed above) regarding the partner's procedures for ensuring the quality of the programme/unit(s), because of the additional responsibilities the partner has in delivering the programme. The additional evidence will usually include:

- full assessment regulations and assessment policy and procedures (including marking and moderation);
- arrangements for examinations;
- procedures for eliciting student feedback;
- information on responsibilities for maintaining student records (including the provision of statistical information, production of transcripts/certificates);
- information on responsibilities for admissions (including the production of statistical information, procedures for APEL/APL, liaison with the University);
- staff development arrangements for staff teaching on the programme/unit(s) (including arrangements for staff appraisal and peer observation);
- conventions relating to publicity and promotion of the programme/unit(s);
- statement of the progression routes available upon successful completion of the programme/unit(s);
- procedures for dealing with student complaints;
- procedures for arranging and monitoring placements and work based learning (where appropriate);
- disciplinary arrangements including procedures to deal with examination and assessment offences;
- procedures relating to the annual and periodic review of the programme/unit(s);
- committee structure relating to the programme/unit(s) including arrangements for meetings on curriculum development.
Further evidence required for joint awards
Where proposals involve a joint award, an operational overview of how the award will be managed is required to be presented and considered by F/SLTQC, and noted at PAPAC. This overview will include:

- Arrangements for a policy for and the management of the recruitment and admissions process;
- Arrangements for the assessment of the programme (including assessment regulations, examination procedures, examination board procedures, language of assessment);
- Arrangements for the appointment of External Examiners and their reporting mechanism;
- Arrangements for the support of students (academic tutoring arrangements);
- Agreement with regards to intellectual property rights;
- Arrangements for joint programme monitoring and review;
- Arrangements for dealing with complaints and appeals;
- Arrangements for producing and issuing transcripts and certificates;
- Arrangements for the provision of information to students (including use of University logo);
- Arrangements for the termination of the collaboration/programme.

2. Faculty/School Learning and Teaching Quality Committee (F/SLTQC)
The F/SLTQC is responsible for giving detailed consideration to the proposal and for recommending one of the following to the Programmes and Partnerships Approval Committee (PAPAC): a) approve; b) approve subject to conditions being met or further information being made available; or c) reject the proposal.

3. Resource visit (QA20 Form 2)
Normally, a resource visit would be conducted for all standard proposals. For proposals involving UK-based partners, the resource team should include the lead proposer, a subject specialist(s) and one member of PAPAC. A representative from the University Library may also be invited to attend. For overseas partners the resource visit can be conducted by the lead proposer (or alternative appropriate staff member who is visiting the institution). A resource visit report (QA 20 Form 2) must be used as a guide for the visit and completed afterwards for consideration by PAPAC. In certain circumstances a resource visit may not be considered necessary for a particular proposal, if so then a case may be made to the F/SLTQC who will make a recommendation to PAPAC.

4. Programmes and Partnerships Approval Committee (PAPAC)
PAPAC is responsible for giving final detailed consideration of the proposal. PAPAC is required to: a) recommend the collaborative proposal to Senate; b) recommend the proposal to Senate subject to conditions being met or further information being made available; or c) reject the proposal.

5. Sign agreements
Once approval has been given (and any necessary conditions met), the legal agreements need to be finalised and signed as set out in QA20 section 8 and Annex E.

6. Senate
The proposal will be reported to Senate for approval.
STANDARD APPROVAL PROCESS: LEGAL AGREEMENTS FOR COLLABORATIVE PROVISION

Please consider this guidance alongside QA20 section 8 (Drawing up and signing agreements).

1. **Draft legal agreement (QA20 template 1)**

   Advice from the Legal Advisers and LTEO should be sought when drawing up an agreement. Example templates of legal agreements (QA20 template 1) should be used wherever possible. The list of indicative responsibilities should be considered when drawing up an agreement with a partner to ensure that the responsibilities of each partner are clearly defined. Arrangements for proposals involving joint awards in particular need to be clearly set out and agreed by each partner involved (see list of evidence in annex D for further guidance).

   The following features should **always** appear in the legal agreement documentation irrespective of the format followed, in order to safeguard the interests of the University and the students:
• the agreement should define an agreed end date for the arrangement. Open-ended or automatically-renewing forms of agreements should not be proposed or perpetuated. The standard period for a new or renewed agreement should not normally exceed five years;
• the period of notice by either partner for termination of the agreement, which should be appropriate, is normally one academic year;
• a clause providing for the continued teaching and support to completion for students remaining at the end of an agreement (whether expired, lapsed or terminated);
• a definition of the approved signatory for the University (always the Vice-Chancellor), and a space on the agreement for it also to be signed;
• the approval of the University's Legal Adviser to the form of the proposed agreement must be sought in every case before formal signatures are obtained;
• a clause regarding intellectual property rights.

2. Obtain final agreement by Legal Advisers
   The University's Legal Advisers should see a final copy of the agreement(s) and give approval before it is signed.

3. Send agreement to University of Bath signatories
   The lead proposer will be responsible for forwarding the agreement(s) to the Vice-Chancellor (and any other University of Bath signatory) for signing. Two copies of the agreement(s) must be sent with a covering memo confirming that they have been seen by the Legal Advisers.

4. Send agreement to partner signatories
   Once the agreement(s) has been signed by the Vice-Chancellor (and other University if Bath signatories where applicable), the Faculty/School/Department/Learning Partnerships Office is responsible for forwarding the agreement on to the partner organisation for signature.

5. Copy of agreement to be held centrally
   Once signed by all relevant signatories the original copy of the agreement should be forwarded to the University's Legal Advisers for holding centrally.
STANDARD APPROVAL PROCESS: AMENDMENTS TO COLLABORATIVE PROVISION

Please consider this guidance alongside QA20 section 12 (Amendments to collaborative arrangements):

1. Gather Evidence and complete QA20 Form 3

   Advice from LTEO, Academic Registry, Deans, Legal Advisors

2. Academic Programmes Committee

   Approve amendment subject to conditions
   Approve amendment
   Reject amendment
   Terminate partnership (appendix H)
   Review amendment

3. Faculty/School Learning, Teaching and Quality Committee

   Continue with amendment
   Make further amendments

4. Programmes and Partnerships Approval Committee

   Approve amendment subject to conditions
   Approve amendment
   Reject amendment

5. Sign Agreements

6. Senate

Figure 4
1. **Gather evidence and complete QA20 Form 3**
   For all standard amendments to an existing arrangement with a partner, QA20 Form 3 should be completed. This form requires the following information:
   - the background to the original arrangement and the current position;
   - the reasons and purposes of the proposed change, including the views of the partner organisation;
   - the benefits for the students and other stakeholders involved;
   - the date from which the amendment is to take effect;
   - the existing legal agreement(s);
   - the amended legal agreement(s);
   - any other documentation that is directly relevant to the nature of the change being proposed.

   Advice should be obtained from Legal Advisers and staff in Learning and Teaching Enhancement Office and Academic Registry (where appropriate) when proposing an amendment to an existing arrangement. The completed report form should confirm that the Head of Department/School/Learning Partnerships Office and the Dean (or the Pro-Vice-Chancellor (Learning and Teaching) for Learning Partnerships partner/programmes) have been consulted and are in agreement with the amendment.

2. **Academic Programmes Committee (APC)**
   APC is responsible for giving strategic approval to the amendment. The committee is responsible for either: a) approving the amendment; b) approving it subject to conditions; or c) rejecting the amendment.

3. **Faculty/School Learning, Teaching and Quality Committee (F/SLTQC)**
   F/SLTQC is responsible for giving detailed consideration to the amendment and for recommending one of the following to PAPAC: a) recommend to PAPAC; b) recommend subject to conditions being met or further information being made available; or c) reject the amendment.

4. **Programmes And Partnerships Approval Committee (PAPAC)**
   PAPAC is responsible for giving final detailed consideration of the amendment. PAPAC is required to: a) approve the amendment; b) approve the amendment subject to conditions being met or further information being made available; or c) reject the amendment.

5. **Sign agreements**
   Once approval has been given by PAPAC (and any necessary conditions met), the legal agreements need to be drawn up and signed as set out in QA20 section 8 and Annex E.

6. **Senate**
   The amendment will be reported to Senate for noting.
STANDARD APPROVAL PROCESS: RENEWALS

This is the process for standard collaborative arrangements involving the:

- renewal of a partner;
- renewal of a programme;
- renewal of a programme and partner.

Please consider this guidance alongside QA20 section 13 (Renewal of a collaborative arrangement).
1. **Gather evidence (QA20 Form 4)**
   For all standard renewals, a report using QA20 Form 4 should be completed in the year preceding the expiry date of the legal agreement. This form requires the following information:
   - evaluative summary of how the partnerships and programme(s) have evolved, including issues and good practice;
   - information on significant changes to resources, staffing or partner during the period under review;
   - make reference to any external reviews (in particular any QAA reviews if UK institution) that have taken place during the period of review, including the effectiveness of action taken by the partner;
   - summary of issues and good practice arising from meetings held with partners;
   - for those partnerships involving a non-publicly funded organisation, confirmation is required that the financial accounts have been reviewed by the Director of Finance and Commercial Services.

   For programme renewals the following information is required to be attached to the form:
   - Degree Scheme Review Report (DSR) and action plan;
   - Annual Monitoring Reports (if not included in DSR);
   - External Examiner reports (if not included in DSR);
   - Where a Degree Scheme Review has not been conducted the following information should also be provided;
   - a statement from the partner on the future direction of the programme;
   - student feedback on the programme.

   Where incremental or other amendments to the original collaborative partnership arrangement have substantially altered its focus and purpose, the Director of Studies will seek advice from LTEO as to whether the renewal proposal should be treated as if it were a 'new' arrangement.

   The completed report form should confirm that the Head of Department/School/Learning Partnerships and the Dean (or in the case of Learning Partnerships the Pro-Vice-Chancellor Learning and Teaching) have been consulted and are in agreement with the renewal. Advice should be obtained from Legal Advisers and staff in Learning and Teaching Enhancement Office and Academic Registry (where appropriate) when proposing a renewal to an arrangement. The report form should be sent to the partner organisation for factual accuracy and comment.

2. **Academic Programmes Committee (APC)**
   APC is responsible for giving strategic consideration to the proposal for renewal. The committee is responsible for: a) approving; b) approving subject to conditions; or c) rejecting the proposal for renewal.

3. **Faculty/School Learning, Teaching and Quality Committee (F/SLTQC)**
   F/SLTQC is responsible for giving detailed consideration to the proposal for renewal and for recommending one of the following to the PAPAC: a) recommend to PAPAC; b) recommend subject to conditions being met or further information being made available; or c) reject the proposal for renewal.

4. **Resource visit**
   Where there have been major changes to a partnership arrangement or where there might be concerns regarding an arrangement, then a resource visit to the partner organisation should be arranged. This resource visit can be conducted at an earlier than the renewal stage if there are concerns. For proposals involving UK-based partners, the resource team should include the lead proposer and a subject specialist(s) (at least two members of staff). For overseas partners the resource visit can be conducted by the lead proposer (or alternative appropriate
staff member who is visiting the institution). A resource visit report (QA 20 Form 2) must be used as a guide for the visit and completed afterwards for consideration by PAPAC.

5. **Programmes and Partnerships Approval Committee (PAPAC)**
   PAPAC should give appropriate scrutiny to the report form and is required to do one of the following: a) approve the collaborative proposal; b) approve the proposal subject to conditions being met or further information being made available; or c) reject the proposal.

6. **Sign agreements**
   Once approval has been given (and any necessary conditions met), the legal agreements need to be drawn up and signed as set out in QA20 section 8.
STANDARD APPROVAL PROCESS: TERMINATION AND EXPIRY

Please consider this guidance alongside QA20 section 14 (Expiry and termination of collaborative arrangements):

1. Gather evidence and complete (either QA4 Form 2 or QA20 Form 5)
   The process for termination or expiry of an arrangement involves two stages: Strategic Approval and Final Approval. These would normally occur simultaneously but can occur consecutively if necessary.

   If the termination or expiry of an arrangement involves a programme, then QA4 Form 2 should be completed for both stages. If a termination or expiry only involves a partner who is not delivering any current provision, then QA20 Form 5 should be completed for both stages.

   **Strategic approval:** This should include:
   - a rationale;
   - the number of current students, the date when the last of them is expected to complete, and the number of students accepted for admission;
   - implications of the termination on other programmes delivered by the affected partner organisation;
   - the view(s) of the collaborative partner(s);
   - proposed arrangements for the termination of the legal agreement at either programme or (where appropriate) partner level currently in force at the final date.

   Where the proposer is not the relevant Head of Department (or Dean in the case of the School...
of Management), then they should be consulted, and any feedback presented with the proposal.

**Final approval:** The Dean of the relevant Faculty/School (or their delegate) is responsible for confirming the proposed arrangements to protect current students remaining on the programme during the phasing out period and any students accepted for admission onto the programme. Confirmation should be given to assure that the student experience will be maintained. Feedback from students and external examiners regarding the proposed arrangements for the protection of student interests should be included. This is submitted to Academic Programmes Committee by updating the same form (QA4 Form 2 or QA20 Form 5) used in the strategic approval stage (above).

2. **Academic Programmes Committee (APC)**
   The proposer is responsible for submitting to APC the appropriate form (QA4 Form 2 or QA20 Form 5). APC is responsible for:
   
   - granting strategic approval where an appropriate rationale has been provided;
   - granting final approval where it is satisfied that the interests of current students, and students accepted for admission, are being appropriately protected.

3. **Communicate decision**
   The Department/School/Learning Partnerships Office is responsible for communicating a strategic decision to terminate or not renew an arrangement to the affected partner organisation(s) including the formal notice of termination (where required) and negotiating arrangements for the support of remaining students to completion. The notice of termination should be drafted in conjunction with the Legal Adviser. The Department/School/ Learning Partnerships Office is also responsible for notifying Academic Registry of terminations or non-renewals where they involve a programme.
ARTICULATION ARRANGEMENTS APPROVAL PROCESS – STAGE ONE, STAGE TWO AND LEGAL AGREEMENTS

Strategic consideration (stage one):

*If developing a new programme specifically to attract articulation students then the process for strategic consideration should be integrated with the stage one activities listed in QA3: Approval of new programmes of study.

Figure 7
Academic scrutiny (stage two):
Note: If developing a new programme specifically to attract articulation students then the process for academic scrutiny should be integrated with the stage two activities listed in QA3: Approval of new programmes of study.

1. Consultation with staff
   The following key staff should be consulted where appropriate for advice and guidance on the proposal:
   - Dean of Faculty/School;
   - Head of Department;
   - Quality Enhancement Officer (with responsibility for collaborative provision);
   - Director of International Partnerships and Head of International Relations;
   - Pro-Vice-Chancellor (Internationalisation);
   - Director of Academic Registry;
   - Director of Student Recruitment & Access.

2. Evidence for stage one approval
   Evidence required for articulation arrangements at stage 1 would typically include:
   - a rationale for the proposal;
   - background information on partner (including rankings, reputation, size of institution, links with other partner institutions, inclusion in any University grouping etc.);
   - details of the programme(s) from both institutions will be involved;
   - details of the point of entry;
• details of demand from proposed partner, when the first cohort will start, when they will progress onto the programme at the University of Bath and what the anticipated student numbers will be;
• confirmation of consultation with, and agreement by any Public Statutory Regulatory Body (PSRBs);
• state any consultation already undertaken with departments/support services (i.e. Learning and Teaching Enhancement Office, Academic Registry etc.);
• state when the academic scrutiny of the proposal is expected to take place by Faculty/School Learning, Teaching and Quality Committee;
• where a proposal involves a new programme proposal then all the additional information outlined in QA3: Approval of new programmes of study initial strategic approval for the first stage approval of a new programme will also be required.

3. Faculty/School Board of Studies
Faculty/School Board of Studies is responsible for giving strategic consideration to the proposal and recommending one of the following to Academic Programmes Committee: a) approve; b) approve subject to conditions; or c) reject the proposal.

4. Academic Programmes Committee (APC)
APC is responsible for giving further strategic consideration to the proposal. The committee is responsible for either: a) recommending the proposal to Senate (if it involves the approval of a new partner); b) approving it to go on to stage two; or c) rejecting the proposal.

5. Proceed to stage two
The proposal should proceed to stage two, subject to any conditions set by APC being met.

6. Gather evidence
Evidence to be provided for academic scrutiny:
• mapping of partner curriculum against University of Bath curriculum. The main aim of the mapping is to ensure the learning outcomes have been met but also to ensure that any gaps in the curriculum are identified and to make recommendations and identify resources required to deal with any variances;
• identify what student support activities will be required and resourced to aid the transition and integration of students;
• academic entry requirements (i.e. do students need simply to complete first two years of programme or to achieve a certain average?);
• English language entry requirements;
• details of assessment process (and involvement of staff in the assessment/moderation process);
• arrangements for the on-going monitoring of the arrangement;
• PLUS inclusion of any of the strategic information identified in stage one to APC (if appropriate).

7. Faculty/School Learning, Teaching and Quality Committee (F/SLTQC)
F/SLTQC is responsible for giving detailed consideration to the proposal and is responsible for: a) approving; b) approving subject to conditions being met or further information being made available; or c) rejecting the proposal.

8. Draw up and sign agreements
Legal agreements can be drawn up before the proposal has been approved through committee (see QA20 section 8): however once approval has been given (and any necessary conditions met), the legal agreements must be signed as soon as possible.
ARTICULATION ARRANGEMENTS APPROVAL PROCESS – AMENDMENTS, RENEWALS, TERMINATIONS AND NON-RENEWAL

Amendment or renewal of an articulation arrangement, please follow the flow chart below. For the termination or non-renewal of an articulation arrangement please follow the standard process set out in QA20 Section 14 and Annex H.

Figure 9
1. **Gather evidence**

   **Amendments:** For amendments to an existing articulation arrangement QA20 Form 3 should be completed. This form requires the following information:
   - the background to the original arrangement and the current position;
   - the reasons and purposes of the proposed change, including the views of the partner organisation;
   - the benefits for the students and other stakeholders involved;
   - the date from which the amendment is to take effect;
   - the existing legal agreement(s);
   - the amended legal agreement(s);
   - an updated map of the curriculum at the partner with the University of Bath programme(s);
   - any other documentation that is directly relevant to the nature of the change being proposed.

   **Renewals:** For renewals a report using QA20 Form 4 should be completed in the year preceding the expiry date of the legal agreement. This form requires the following information:
   - evaluative summary of how the partnerships and programme(s) have evolved, including issues and good practice;
   - information on significant changes to the partner during the period under review;
   - make reference to any external reviews that have taken place during the period of review, including the effectiveness of action taken by the partner;
   - summary of issues and good practice arising from meetings held with partners;
   - for those partnerships involving a non-publicly funded organisation, confirmation is required that the financial accounts have been reviewed by the Director of Finance and Commercial Services.

Advice should be obtained from Legal Advisers and staff in the Learning and Teaching Enhancement Office and Academic Registry (where appropriate) when proposing an amendment or renewal to an existing arrangement. The completed report form should confirm that the Head of Department/School and the Dean have been consulted and are in agreement with the amendment/renewal.

2. **Academic Programmes Committee (APC)**
   
   APC is responsible for giving strategic consideration to the proposal for amendment or renewal. The committee is responsible for:
   - approving;
   - approving subject to conditions; or
   - rejecting the proposal for amendment or renewal.

3. **Gather further evidence**

   **Amendments:** Additional evidence to be provided (if required to support the amendment):
   - an updated mapping of partner curriculum against University of Bath curriculum (learning outcomes, aims, content, assessment methods);
   - any other information to support the amendment (see list below);

   **Renewals:** Additional evidence to be provided for Academic Scrutiny:
   - an updated mapping of partner curriculum against University of Bath curriculum (learning outcomes, aims, content, assessment methods), including the identification of any identified gaps in the curriculum and recommendations and resources for dealing with variances;
   - identification any new student support activities that will be required and resourced to aid the transition and integration of students;
   - review academic entry requirements (i.e. do they need to just complete first two years of programme or achieve a certain average?);
   - review English language requirements;
   - arrangements for the on-going monitoring of the arrangement.
4. **Faculty/School Learning, Teaching and Quality Committee (F/SLTQC)**
   F/SLTQC is responsible for giving detailed consideration to the proposal for amendment or renewal and for: a) approving; b) approving subject to conditions being met or further information being made available; or c) rejecting the proposal for amendment or renewal.

5. **Draw up and sign agreements**
   Once approval has been given (and any necessary conditions met), the legal agreements need to be drawn up and signed as set out in QA20 section 8.
PREFERRED PARTNERS

1. Definition

Preferred Partners are institutions of significant strategic importance to the University of Bath (UoB). They are identified by their alignment with the University’s academic mission and research range and offer partnership opportunities that could enhance both the university’s international impact and profile and that of the partner institution. They are often identified from existing strong links and relationships (such as multiple research collaborations) within the university.

The concept ‘Preferred Partner’ is distinct from other faculty, department or research group partners (although there may be leverage potential from one type to the next). The level of risk is considered to be very low especially when Preferred Partners are pre-eminent in their respective regions and at least comparable to the elite UK HEIs.

First-phase partnership is likely to be in research (including doctoral mobility). However, it is a logical consequence that University Preferred Partners will develop an Institutional Agreement which further permits the development of exchanges and collaborative academic programmes for both taught and research degrees.

2. Summary of the process for designating ‘Preferred Partner’ on an institution

1. Initial suggestion for a preferred partner discussed with Pro-Vice-Chancellor Internationalisation (PVC (I));
2. Initial Strategic Consideration undertaken by PVC (I) with advice from the International Relations Office (see 4. below) to confirm strategic interest to assign Preferred Partner status;
3. Approval in principle given by the PVC (I) and Faculty/School Executive;
4. Approval given by Vice-Chancellor’s Group (VCG);
5. Memorandum of Understanding prepared and signed.

Once approved as a Preferred Partner then development of Exchange Agreements can take place using the processes outlined in QA37. Additionally Institutional Approval can then be sought from Academic Programmes Committee (APC) using the same process outlined in Annex C (Stage 1: Strategic Approval) to allow development of academic provision. The status of Preferred Partner for these processes will result in reduced information requirements and an assignment of low risk for the institution.

Note: The development of collaborative academic provision may commence but nothing can be implemented and no programme or exchange may be advertised until an Institutional Agreement is signed.

3. Identifying and proposing a University Preferred Partner

Bearing in mind preferred partner criteria set out in the Internationalisation Strategy White Paper and summarised below, colleagues in the faculties and the school are encouraged to meet the Pro Vice-Chancellor (Internationalisation) or Dean for an initial exploration. If strategic interest is confirmed by the PVC (I), the informal proposal should be discussed with faculty/School management. A formalisation of the partnership proposal, in the form of a Memorandum of Understanding (‘MoU’) can be set in train once support has been obtained in principle from the PVC (I) and the faculty/School.

4. Due diligence during Initial Strategic Consideration

During initial consideration and in preparation of the MoU an institution will meet as many of the following criteria as possible through consideration of documentary evidence. If any criteria is deemed not to be met fully then if making the decision to approve VCG will stipulate what measures should be taken to mitigate or balance any risks. APC will be expected to review and receive an update on such measures at the time of Institutional Approval.
The list below gives the typical information/evidence required to demonstrate how each of the criteria are met (please note some duplication of items). A significant proportion is also used for the Institutional Approval process.

<table>
<thead>
<tr>
<th>Criteria for preferred partner</th>
<th>Typical information/evidence</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Global or continental pre-eminence/profile</td>
<td>• Standing in the relevant international, regional and national league table rankings</td>
</tr>
<tr>
<td>• A discipline range that matches the majority of disciplines at the University of Bath (both taught and research strengths)</td>
<td>• Statement on the discipline range (teaching and research) and how this matches the University of Bath</td>
</tr>
<tr>
<td></td>
<td>• Confirmation of the language of instruction (only required for countries where English is not the official language)</td>

</tbody>
</table>

Summary of typical evidence required at Initial Strategic Consideration – to be provided by the International Relations Office

1. Standing in relevant international, regional and national league table rankings;
2. Statement on the discipline range (teaching and research) and how this matches the University of Bath;
3. Country and Institutional briefing on the political, ethical and cultural context including cultural assumptions about Higher Education learning;
4. FCO advice and information on anti-bribery and corruption measures;
5. Confirmation of the language of instruction (only required for countries where English is not the official language and will only be relevant for academic programme collaborations);
6. Mission Statement and Strategic plan (or comparable) and any future developments if known;
7. Most recent audited annual accounts for consideration by the Director of Finance (non-publicly funded organisations only);
8. Statement on the legal standing of the institution and its capacity to contract with the University of Bath (to be provided in consultation with the UoB Legal Advisors);
9. Details of the standing and effectiveness of any current or previous relationships with the University of Bath or other UK or international institutions, especially any existing UoB Partners;
10. Comparable Research, Education and Internationalisation strategies;
11. Information on IT and Library resources and accommodation.

**Annual monitoring of Preferred Partners**

In order to ensure that each Preferred Partner continues to meet the criteria set out above the International Relations Office will be responsible for providing an annual update to the PVC (I). This report will include any revisions to the country and institutional briefing (including any new academic or business partnerships), changes to league table positions and any changes to financial standing (non-publically funded institutions only).
