Appendix 17: First degree / Part 1 / Coexistent / 30-credit stages / Main assessment

1. This appendix relates to the detailed stage assessment criteria for:
   - Integrated first degree coexistent programmes leading to classified Master awards with honours, and
   - Part 1 decisions with 30-credit stages, at
   - The close of the main assessment period.

2. The following abbreviations and rules apply in these detailed criteria (for fuller descriptions see: Appendix 2: Definitions):
   - DAP = designated alternative programme.
   - DEU = designated essential unit; can only be passed ≥ 40%.
   - OPA = overall programme average.
   - OSA = overall stage average.
   - P1 = “passed 1st attempt” and means ≥ 40%.
   - C1 = “condonable 1st attempt” and means ≥ 35% in units that are not DEUs.
   - P2 = “passed 2nd attempt” – see Appendix 7: Supplementary assessment.
   - C2 = “condonable 2nd attempt” in units that are not DEUs – see Appendix 7: Supplementary assessment.

3. The following detailed assessment criteria will be applied in sequence at the end of a 30-credit stage (before any supplementary assessment) in respect of compulsory or optional/elective units (but excluding extra-curricular units). In relatively rare circumstances where a student has been permitted to trail assessments from the preceding stage to be completed alongside the requirements of the current stage, reference should also be made to Appendix 31: Limited trailing of IMC-related assessments.

4. Subject to the overriding limits on the maximum period for completion of study and assessment set out in Regulation 15.7 (see Appendix 1: Integration of the NFAAR with University Regulation 15), after due consideration of the results by the Board of Examiners for Programmes and in the absence of any relevant individual mitigating circumstances, a student who:
   a. Has achieved an overall stage average (OSA) of at least 50.00%, and has passed (P1) all units*, will be permitted to proceed to the next stage of the programme.
   b. Has achieved an overall stage average (OSA) of at least 50.00%, and has passed (P1) units worth at least 21 credits, and has condonable (C1) fails in all of the remaining units worth no more than 9 credits, and has passed (P1) all designated essential units (DEUs)*, will have the condonable (C1) fails condoned by compensation and will be permitted to proceed to the next stage of the programme.
   c. Has achieved an overall stage average (OSA) of at least 50.00%, and has passed (P1) units worth at least 21 credits, and failed units worth no more than 9 credits, will have condonable (C1) fails in non-designated essential units condoned by compensation*, may (subject to any requirements specified in the relevant programme regulations) proceed to a succeeding placement or non-substituting study-abroad stage†, and will be required to take supplementary assessment in each uncondoned failed unit before the start of the next academic stage, with a view then to qualifying to proceed to the next academic stage of the programme.
d. Has achieved an overall stage average (OSA) of at least 50.00%, and has passed (P1) units worth at least 15 credits*, may (subject to any requirements specified in the relevant programme regulations) proceed to a succeeding placement or non-substituting study-abroad stage†, and will be required to take supplementary assessment in the failed units before the start of the next academic stage, with a view then to qualifying to proceed to the next academic stage of the programme.

e. Has not met any of the foregoing criteria*, will be considered for transfer to a designated alternative programme (DAP) on the terms specified in its transfer requirements‡.

f. Has not met any of the foregoing criteria*, will be required to withdraw from the programme and from the University.

5. The above decision-making process is illustrated as a flowchart below in Figure 15.

* A student who has reached the maximum period for completion of study and assessment set out in Regulation 15.7 (see Appendix 1: Integration of the NFAAR with University Regulation 15), or who wishes to leave the programme and the University, may be considered for an exit award in accordance with the provisions set out in Appendix 32: Consideration for award of CertHE/DiplHE.

† In some circumstances, a student may be allowed to complete supplementary assessment after the placement or non-substituting study-abroad stage. See para. 29 of the main NFAAR-UG text, and Appendix 5: Stage progression, for further information.

‡ See Appendix 33: Consideration for transfer to DAP for further information.
Figure 15: First degree / Part 1 / Coexistent / 30-credit stages / Main assessment

Key & notes
- DAP = designated alternative programme.
- DEU = designated essential unit; can only be passed 40%.
- OSA = overall stage average.
- P1 = "passed 1st attempt" and means ≥40%.
- C1 = "condonable 1st attempt" and means ≥35% in units that are not DEUs.

START (end of Stage X)

OSA ≥ 50%  
Yes

30 credits of units P1

No

At least 21 credits of units P1

Yes

At least 15 credits of units P1

No

Each failed unit is C1

Yes

Condone C1 units

No

Lesser exit award test (see Appendix 32)

Condone any C1 units

Lesser exit award test (see Appendix 32)

Lesser exit award test (see Appendix 32)

Lesser exit award test (see Appendix 32)

DAP options possible

Yes

Transfer to DAP

Stage depends on DAP requirements

DAP consideration test (see Appendix 33)

No

Supp. assmt in each uncondoned failed unit

Stage X supplementaries

Lesser exit award test (see Appendix 32)

Supp. assmt in each failed unit

Pass & proceed

Next stage of same programme (X +1)

Fail & withdraw from University

END

Key & notes
- DAP = designated alternative programme.
- DEU = designated essential unit; can only be passed 40%.
- OSA = overall stage average.
- P1 = "passed 1st attempt" and means ≥40%.
- C1 = "condonable 1st attempt" and means ≥35% in units that are not DEUs.
