Finalist Decision code	Explanation of decision code
D-YNC	<p>The Programme Board has not yet recommended an end of stage decision to the Board of Studies, because you have not undertaken all your modules for this stage.</p> <p>In some circumstances you may need to enter a period of suspense during the 2021/2 academic year to undertake your outstanding assessments. You must check your position with your Director of Studies.</p> <p>If you do need to suspend then you will need to liaise with your Department/School to ensure your outstanding assessments are taken over the course of the 2021/2 academic year. The timing of your assessments will depend on when the units are run in 2021/2. It is essential that you find out from your Programme Administrator the exact timing of each outstanding reassessment and its requirements.</p> <p>If you need further help understanding your results and what your next steps should be please contact your department.</p>
D-YNC_DS	<p>A progression decision could not be made at this point as you need to complete the stage by attempting your deferred assessments. Units with deferred assessment have a grade of D.</p> <p>You must take this deferred assessment to be eligible to progress and so you will need to enter a period of suspense during the 2021/2 academic year to undertake your outstanding assessments. The Board of Examiners have also considered whether you are required to take any unit re-assessment progress. Units requiring re-assessment have grades of FR, FV, NS, QR or M.</p> <p>If you do not take deferred assessment a new unit result using an assessment mark of ONS will be calculated. A OD will be on your record of assessment but will not appear on your transcript.</p> <p>If you need further help understanding your results and what your next steps should be please contact your department.</p>
