

The Alumni Fund Scholars have had an extraordinary year, filled with tremendous success. The engagement and personal growth of these students and their impact on University life as well as the local community is incredibly rewarding to see. We are very grateful for the support of our alumni which enables these students to have this opportunity, and to the Panel who help make these awards possible.

Volunteering

The Alumni Fund Gold Scholars have contributed nearly 1,000 hours of their time to volunteering. This has benefitted a wealth of local charities including Bath Mind, the Holbourne Museum and Julian House, as well as many national and international charities such as Oxfam, The Marine Conservation Society and IntoUniversity.

"The scholarship provides me with the day-to-day security and peace of mind that allows me to overcome financial issues that otherwise would have almost certainly arisen"

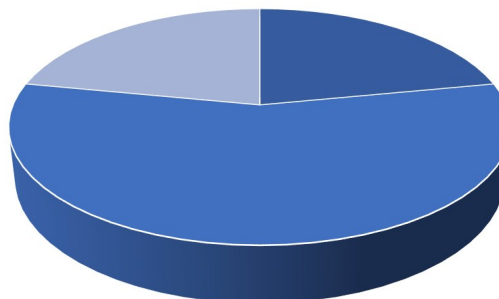

Ansel Vaz, MEng (hons) Aerospace Engineering
Alumni Fund Scholar

"Thank you so much for your kind contributions to the Alumni Fund Scholarship. It has helped me develop my academic and rugby career to levels I could not have achieved without it. I will be forever grateful for the memories you have helped me build here at Bath".

Max Lawday, BSc (hons) Natural Sciences
