

## **Bath Insights Internship – Postgraduate Taught Experience Survey (PTES) Analysis**

**Department:** Digital, Data & Technology Group (DDaT)

**Theme:** Data (Dashboards, analysis, data cleaning)

### **About the role**

Support the University in developing a robust approach to analysing and reporting Postgraduate Taught Experience Survey (PTES) data. This survey is becoming increasingly important for the Teaching Excellence Framework (TEF), and your work will help ensure Bath maintains its TEF Gold award.

### **What you'll do**

- Create mechanisms for processing and analysing PTES results
- Redevelop BI reports to improve accessibility and usability
- Explore approaches such as analytical studies, sentiment analysis, and reporting dashboards

### **Technology you'll use**

- AWS S3, Athena, Quick Suite, Bedrock
- Power BI

### **Skills you'll develop**

- Data Engineering
- Data Modelling
- Data Science

### **Ideal for students who:**

- are interested in data-driven decision-making in higher education
- want to gain experience with cloud-based analytics and BI tools
- enjoy tackling complex problems with practical solutions
