Call for posters and contributed talks

The 2019 British Applied Mathematics Colloquium will bring together over 300 academics from across the mathematical sciences for an exciting three-day programme of talks and events in the beautiful city of Bath.

Posters and contributed talks are invited in all areas consistent with the conference themes:

- Environmental and bioscience
- Fluid and solid mechanics
- Inverse problems
- Networks and collective behaviour
- Nonlinear waves
- Machine learning and differential equations
- Materials science
- Mathematical biology
- Mathematics in industry, across and beyond Europe
- Public engagement
- Statistical applied mathematics

Poster sessions are 2 hours long and are excellent opportunities for networking and in-depth discussions about research projects. There will be two poster sessions, and the organisers strongly encourage colleagues to consider submitting an abstract for a poster. There will be prizes for the best PhD student posters.

Contributed talks at BAMC will consist of a 15 minute oral presentation with an additional 5 minutes for discussion.

Please note

- The deadline for submitting proposals for posters and talks is Friday 8 March.
- Submitting a proposal for a poster or a talk is separate from registering to attend the conference.
- Proposals (a title and brief abstract) must be submitted via [www.conftool.org/bamc2019/](http://www.conftool.org/bamc2019/)
- You may only submit one proposal to BAMC. If you have already agreed to speak in a minisymposium, then you will not be able to present a contributed talk or a poster.
- Notifications of acceptance will be sent on or before Monday 18 March.
- Presenters have to register to attend the conference by Friday 8 March in order for proposals to be accepted. Conference registration is handled separately from contributed talks and poster proposal submissions.
- Poster boards will be provided. The person presenting the poster must take responsibility for hanging and removing the poster.

Please email [bamc2019@bath.ac.uk](mailto:bamc2019@bath.ac.uk) if you have any enquiries.
