Course length	1 years
Entry point	September 2024
Main location of study	University of Bath, Main Campus, Claverton Down
Course-owning school/department	Politics, Languages and International Studies

Course Description	
Course Summary	Deepen your knowledge of global issues and developments that present challenges to governments. You'll explore what can cause them and potential solutions.
Course Description	<p>Current world developments - such as security and cybersecurity threats, changes of leadership, the emergence of new powers and the evolving nature of international politics - present fresh challenges to governments, regions and the international system as a whole.</p> <p>During this course, you'll study these topics in depth. You'll look closely at the politics and policymaking of major nations across the planet, as well as the interplay of power between these countries and how order is maintained and managed by institutions.</p> <p>By the end of your studies, you'll have gained the analytical skills and theoretical knowledge to be able to unpack and detect the causes and consequences of specific political problems, and the different political processes that have generated them.</p> <p>&gt;Watch our webinar about this course(<a href="https://vimeo.com/807498303">https://vimeo.com/807498303</a>)</p> <p>Learn from experts in the field You'll learn from experts in international relations as well as staff in the wider Department of Politics, Languages &amp; International Studies(/departments/department-of-politics-languages-international-studies/) community. Their passion, knowledge and research shape their teaching to enhance your learning experience.</p> <p>Gain important career skills This course regularly attracts students from all over the world, with many at different stages of their professional and academic lives. Because of this, you'll be part of an environment that's home to diverse opinions and experiences, which means you'll be able to learn from your peers and apply new ideas to your own study.</p> <p>You'll have the opportunity to gain:</p> <ul style="list-style-type: none"><li>- a broad and informed perspective on current issues of international relations</li><li>- strong analytical skills and theory-informed reasoning to be able to conduct political analysis and understand current challenges and developments</li></ul>

- a deep insight into the world of negotiation and diplomacy and how multilateral institutions operate in the domains of trade and security
- a strong foundation for international careers in administration, diplomacy, policy formation and research
- an increased network of experts in topics such as international security, terrorism, foreign policy, the international political economy, and the politics of international law

#### Graduate prospects

Studying this course provides an excellent grounding for careers in international organisations, multinational corporations, public bodies and think tanks.

Graduates have gone on to successful careers in a wide range of organisations, including:

- Danish EU Research Liaison Office in Brussels, Belgium
- Enel Green Power North America Inc, USA (Director of External Relations and Communications)
- European Parliament, Spain
- World Energy Council in Berlin, Germany

#### Contact hours

You are expected to spend approximately 35 hours per week studying, with around 8-10 hours of this being structured classes.

This will be made up of a combination of lectures, seminars, tutorials, and workshops. Some sessions may take place online. You will work as an individual and as part of small groups.

#### Delivery methods

The following list provides an indication of some of the learning and teaching methods used on the course:

- Research project
- Lectures
- Online resources
- Seminars
- Tutorials
- Workshops

#### Assessment summary

You will experience a balance of different forms of assessment designed to support your professional development. This will include coursework, essays, presentations, examinations, and a dissertation.

We can make reasonable adjustments to assessment procedures for students with disabilities. Take a look at our Disability Service's pages(/professional-services/disability-service/) for information.

#### Assessment methods

The following list provides an indication of some of the assessment methods used on the course:

- Coursework
- Essay
- Dissertation
- Examinations
- Oral presentation

#### Budgeting statement

You will need to budget at least £100 for the cost of photocopying, printing and binding. You will also need to budget for the cost of textbooks. Some courses involve visits away from campus and you may be required to pay some or all of the costs of travel, accommodation and food and drink. If you're on a placement, you're responsible for your own travel, accommodation and living costs. You should also consider the financial implications if you go on an unpaid or overseas placement.

#### Additional Costs

If you receive an offer, you will need to pay a non-refundable deposit of £1,000 when you accept to secure your place. This will be deducted from your tuition fee when you register.
