Use this checklist to track your progress

By the end of first year you should:
Complete the Discover stage in the Get Started guides on MyFuture
Regularly log in to MyFuture, MyProfessional Development and MySkills
Make the most of campus opportunities through volunteering or part time work
Consider becoming a student ambassador, peer mentor or PAL leader
Start building your CV and use CV360 to help
By the end of second year you should:
Complete the Focus stage in the Get Started guides on My Future
Get some work experience and talk to the Careers team about finding internships
Attend timetabled employability and placement sessions in your department
Meet employers on campus and attend alumni panel events
Be feeling more confident about your skills and plugging the gaps where needed
Be reflecting on your experiences and developing a LinkedIn profile
By the end of your degree you should:
Complete the ACT stage in the Get Started Guides on MyFuture
Understand the recruitment processes and how to compete for graduate roles
Be formulating a clear plan for life beyond university
Know the entry pathways for your chosen career and what you need to succeed
Consider further study if relevant to your career path
Feel positive about moving into graduate life and join the UoB
