

## Graduate Outcomes 2019/20

Full-time UK domiciled first degree graduates - 15 months after Bath

The University of Bath has an excellent record of graduate employment, featuring in the top ten for graduate prospects in three major national league tables\*. Across all subjects, 93% of Bath 2019/20 graduates who are employed in the UK are in high skilled employment, compared to 73% nationally. Hundreds of employers of all sizes and from all industries each year advertise vacancies, deliver presentations or network with our students; we are in the top 20 universities targeted by employers#.

The information shown here is from the Higher Education Statistics Agency (HESA) Graduate Outcomes surveys for 2019/20 leavers. It is the biggest UK annual social survey and captures the perspectives and current status of recent graduates, 15 months after leaving university.

Studies within Management offer a broad set of skills and an understanding of the UK and international business environments, including core modules in marketing, finance, operations management, people management and business analytics. Graduates from these courses develop many skills that make them attractive to prospective employers, including teamwork, communication, analytical and problem-solving skills. They often hold diverse roles in large national and multi-national companies.
