*"It was a magical experience to live daily life in such a beautiful city like Bath. From the first day I was here, I fell in love with the architecture, the river, the Royal Crescent and the parks. Also, I think this is the perfect city for young people because everything is within walking distance, there are a lot of pubs and discos, and a great part of the population is young."*

*"I love the study life balance at Bath. There are a variety of activities that the University offers. For example, the School of Management held orientation activities, a leavers' party, bus tour, and an afternoon tea meeting. The Student Union had a lot of study well events and student club activities. Those activities are excellent opportunities to meet different people and make friends. Also, the lectures and seminars I had were very interactive, and the duration of each session was just perfect."*

"I enjoyed the whole exchange experience! Bath is such a beautiful city. It's the first time that I had lived in student accommodation, so I enjoyed the independence, but also felt that I could turn to the accommodations team or the international relations team if I needed something. I made loads of new friends who are from all over the world and had the chance to travel to places such as London, Oxford, Scotland, and Italy. There were also amazing events organised for us including an evening party at the Roman Baths and a Farewell Cream Tea event."
