To assure continuing excellence in its quality and standards, the University of Bath has a quality management framework including:

2. A learning, teaching and quality committee structure which monitors quality and standards and instigates action for enhancement. For further information:

3. [Staff development arrangements](#) that assist staff in enhancing their own performance as educators, as researchers or as professional support services staff.

[Students](#) are involved in many of these processes. The emphasis here is upon the *informed* student voice - engaging with students as academic citizens to ensure they have opportunities to take an active part in shaping their own learning.

A more detailed overview of the University's [Quality Management Framework](#) is set out in a summary document.
