16.1 General Provisions applying to Higher Degrees

(a) ADMISSIONS PROVISIONS FOR ALL HIGHER DEGREES OTHER THAN DSc AND DLitt

Applicants must provide full and accurate information in relation to all the qualifications and personal information contained on a University application form. The University may withdraw the applications of candidates failing to do this.

No applicant shall be admitted to a programme leading to a higher degree in the University, except by special permission, unless:

(i) he or she has provided the University with satisfactory evidence of his or her standard of English language ability. This evidence will normally comprise a formal recognised test. Minimum standards for entry to higher degrees, together with a list of recognised tests such as IELTS, will be approved by the Senate. Applicants who have been awarded a bachelors or higher degree from a recognised higher education institution in which English is the medium of instruction will normally be deemed to have satisfied these minimum requirements provided they have not subsequently spent a significant period of time away from an English-speaking environment. Departments and Schools may stipulate additional or higher requirements for which further testing or evidence is required. Candidates attending and achieving appropriate outcomes on a pre-sessional English language programme at the University of Bath will be deemed to have satisfied the minimum English language requirements set by the Senate. Departments and schools may apply for exemption from the formal minimum English Language requirement for particular applicants where they have satisfactory evidence to show that the candidate has the capacity to cope with the demands of the programme. Written cases outlining the basis on which the exemption is sought may be submitted to the Director of Student Recruitment and Admissions or nominated deputy. The number of exemptions will be monitored annually by the Recruitment and Admissions Committee and

(ii) he or she has a first degree from a recognised higher education institution, normally at honours (or equivalent) level. Applicants who have an ordinary degree (or equivalent) may be admitted provided this is consistent with the department or school's approved admissions criteria. Applicants who do not have a degree but who may be qualified for admission through the assessment of Accreditation of Prior (Experiential) Learning must be considered under specific procedures in place in Departments and Schools and approved by the Board of Studies and

(iii) he or she has satisfied any additional specific requirements for the programme to which admission is sought and

(iv) he or she has accurately informed the University of any relevant criminal convictions as directed during the application process and has complied with the University's requirements in relation to the further scrutiny of any criminal convictions and

(v) he or she has completed the application process for any checks and/or Disclosures required by the University from the Disclosure and Barring Service.

(vi) in the case of candidates transferring into the University in order to continue work started in another institution (for example when accompanying a supervisor moving from another University to Bath), the candidate will, in accordance with the provision of Ordinance 14.5, be required to complete a minimum of 12 months' full-time study/24 months' part-time study before submitting the final thesis/portfolio for examination.

(b) CHANGES IN ACADEMIC DETAILS OF THE CANDIDATE'S REGISTRATION FOR ALL HIGHER DEGREES

Any changes proposed to the academic details of the registration are subject to approval by the appropriate Board of Studies. 'Academic details' include the following: transfer from one programme of study to another (including confirmation of PhD registration and transfer from MPhil to PhD, both of which require Board of Studies' approval); change of mode of study (including transfer to 'writing up' status); change of supervisory arrangements; change of thesis/portfolio title; suspension of registration; extension of registration; termination of registration; withdrawal; transfer to another institution.

(c) COMPLETION OF REGISTRATION PERIOD FOR THE DEGREES OF MA, MBA, MRes, MSc, MPhil, DBA, DClInPsy, DHealth, DPRP, EdD, EngD and PhD

A candidate who, having completed the prescribed minimum period of attendance, has not completed the work and requires continued supervision and use of University facilities at the same level as during the prescribed minimum period, must continue to be registered on a full-time, part-time, industrially/externally-based or distance-learning basis as appropriate and pay the appropriate fee.

A candidate who, having completed the prescribed minimum period of full-time, part-time, industrially/externally-based or distance-learning-based study (such as may be permitted by the regulations applying to the particular degree), requires continued supervision and use of University facilities at a reduced level, must continue to be registered and pay a continuation fee.

A candidate who, having completed the prescribed minimum period of full-time, part-time, industrially/externally-based or distance-learning-based study (such as may be permitted by the regulations applying to the particular degree), and any period in which a continuation fee has been payable, and who no longer requires supervision or the use of University facilities, must pay an administration fee until the work is presented for examination.

If a candidate, having attended on a full-time basis, wishes to transfer registration to part-time, industrially/externally-based or distance-learning candidature (such as may be permitted by the regulations applying to the particular degree), this transfer requires approval by the Board of Studies who may specify the minimum period of study required of the candidate.

(d) SUSPENSION OF REGISTRATION FOR ALL HIGHER DEGREES

A candidate who has to discontinue the programme of study for a period of time by reason of illness or other specific reasons or, except in the case of full-time candidature, pressure of other business, may apply for suspension of registration for a period of up to twelve months. Each application must be considered by the Board of Studies on its merits and will not normally be granted for reasons other than the following:

(i) A serious or incapacitating injury, illness, or medical condition (or a sudden, marked deterioration in an on-going or longer-term condition), or an emergency operation.

(ii) Significant disruption of personal life including maternity, paternity, childbirth and, in the case of part-time students only, pressure from other business/employment.

(iii) Election as a Students' Union Officer.

Appropriate corroborating evidence (such as a medical certificate) will normally be required in support of requests for suspension.

Approval will not normally be given for retrospective requests for suspension, or for periods of suspension totalling more than 12 months during a candidate's total period of registration, or, in the case of Degrees by Research, for suspension during the final 12 months of registration of the normal maximum period of study (as defined in the Regulation for the particular degree).

No fees shall be charged during a period of approved suspension of studies. Suspension of registration should not be sought in cases where an extension of registration or re-registration is more appropriate. In the case of the degrees by research, the effect of the suspension of registration will be to postpone the earliest date for the submission of the research thesis and the expiry date of the registration by the length of the suspension granted.

(e) EXTENSION OF REGISTRATION FOR ALL HIGHER DEGREES

The Regulation for each particular Degree sets out the scope for extension of registration for that degree. Significant data loss or unforeseeable difficulties with data gathering which have not completely prevented the candidate from pursuing their research or preparing a dissertation, and which were beyond their control, will normally be acceptable as a basis for an extension. These may include, but not be limited to, difficulties in conducting fieldwork, or equipment failure. Requests for extension received later than 3 months prior to the expiry of registration for a Degree by Research will only exceptionally be granted.

The following will not normally be acceptable as grounds for permitting an extension of registration:

- i)* Conduct of research, such as fieldwork, away from the University.
- ii)* Issues more properly addressed by means of suspension (see Regulation 16.1(d)).
- iii)* Lack of progress/attendance on the part of the student.
- iv)* Any decision to change the format of the thesis.

(f) CHANGE OF MODE OF STUDY

Where the particular Degree Programme Regulations permit both full-time and part-time study, candidates will normally be permitted to seek change from full-time to part-time registration or vice-versa on only one occasion during their registration for the particular Degree. Change of mode of study will not normally be permitted during the final twelve months of registration of the normal maximum period of study for Degrees by Research.

(g) PROGRESSION MONITORING FOR ALL HIGHER DEGREES BY RESEARCH

A report must be completed by the candidate and the lead supervisor and submitted to Boards of Studies every six months, starting six months after the date of first registration. In the case of programmes with a formally assessed taught element, the first report shall be completed six months after the date of commencement on the research element of the programme.

(h) TERMINATION OF REGISTRATION

In addition to the provisions of Regulations 3.1 and 3.2, a candidate's registration may be terminated by the Board of Studies on one or more of the following grounds:

- i)* The wish of the candidate, with or without the agreement of the supervisor or Director of Studies, to withdraw from the University.
- ii)* Failure by the candidate to make progress considered by the Board of Studies to be satisfactory where the cause of the failure is beyond the University's control.

iii) Failure by a probationer PhD candidate both to be confirmed for PhD registration and to achieve a standard of work considered by the Progression Board of Examiners to be sufficient to enable the candidate to continue on MPhil registration (see Regulation 16.5 (b)).

(i) HOLIDAY ENTITLEMENT

Research students are entitled to take up to 25 working days' (full-time students, pro-rata for part-time students) leave from their programme in any 12 month period, in addition to days on which the University is closed. The scheduling of periods of leave must be negotiated with the Lead Supervisor. Students on research programmes that include a formally-assessed taught element should not normally take leave during the taught element.

(j) PRESENTATION OF THE THESIS/PORTFOLIO FOR THE DEGREES OF MPhil, PhD, DBA, DClinPsy, DHealth, DPRP, EdD, EngD, MS and MD

Candidates shall present a thesis or portfolio as permitted by the Regulation for the particular Degree as follows.

(i) Two (three in the cases of MS and MD) copies of the thesis or, in the case of the degrees of MS, MD and MPhil/PhD by Staff Method B only, submission of published or other works, in accordance with a format specified in the Specification for Higher Degree Theses and Portfolios given at Appendix 6 of QA7 Research Degrees or in the case of the degrees of EngD and DClinPsy, a portfolio, must be lodged with the Doctoral College. The candidate shall keep a third (fourth) copy, identical to the submitted copies, for reference before and during the examination process.

Theses/portfolios shall embody at the beginning a summary of the work not exceeding 300 words in length. Theses submitted for the degrees of MPhil, DBA, EdD, DHealth and PhD may include academic papers in accordance with the alternative format specified in the Specification for Higher Degree Theses and Portfolios given at Annex 6 of QA7 Research Degrees. After completion of any viva voce examination, and approval of the outcome of the examination, one paper and one electronic copy of the thesis/portfolio shall be retained in the University Library.

(ii) The thesis/portfolio shall be written in English. In the case of a candidate in the Department of Politics, Languages and International Studies, the Board of Studies, where appropriate, may agree that the thesis be written in another language offered in the Department. In such a case, a summary of the thesis shall be provided in English.

(iii) Candidates who are about to submit theses/portfolios shall give at least two months' prior notice to the Doctoral College, including the full title of the thesis/portfolio.

(iv) A hardbound paper copy of the thesis/portfolio, in good condition, shall be deposited by the candidate or the candidate's representative in the Doctoral College no later than fourteen days before the meeting of the Board of Studies at which the award of a degree to the candidate is approved. The Doctoral College shall arrange for deposit of the thesis/portfolio in the Library. In addition, it is required that a copy must be submitted in a suitable electronic format to the Library. The electronic copy shall be deposited no later than the hardbound paper copy and shall be accompanied by a declaration by the candidate to confirm that the hardbound paper and electronic

copies are identical in content, and a declaration by the Department or School that they include all corrections and revisions required by the Board of Examiners.

(v) Access to a thesis/portfolio deposited in the Library shall be unrestricted unless, for reasons of confidentiality, the Board of Studies has approved a proposal which states the reasons for such restricted access, and the period of time for which the restriction should hold. If the proposed restriction is for longer than three years, the Board of Studies decision must be reported to Senate.

(k) PLAGIARISM CHECKING

Any student who is requested by his or her Director of Studies to do so must provide an electronic version of a piece of work to be assessed, selected by the Director of Studies, for submission to a service such as the Joint Information Services Committee (JISC) Plagiarism Detection Service. This piece of work may be the entire thesis.

(l) CONSTITUTION OF BOARDS OF EXAMINERS FOR THE DEGREES

The Board of Examiners shall be constituted in accordance with Ordinance 15 for the degrees of MA, MBA, MRes, MSc, MPhil, DBA (by thesis), DPRP, EdD (by thesis) and PhD. The Board of Examiners for all other higher degrees (including DBA by portfolio of papers, DClinPsy, DHealth, EdD by portfolio of papers and EngD) shall be constituted in accordance with the Regulations for the particular degree.

(m) PROGRAMME OF RESEARCH

Registration as a student for a Higher Degree does not imply approval of a proposed programme of research; such approval must be given by the Board of Studies, and in some cases candidates may be required to undergo tuition and/or successfully complete assessments to pass an examination to the satisfaction of the Board as a condition of and prior to the registration of their topic of research (see also Regulation 16.13).

(n) CONSTRAINTS UPON PUBLICATION OF WORK

Any constraint upon publication of the thesis/portfolio must be approved by the relevant Board of Studies. If constraint relates to a period of confidentiality longer than three years, the Board of Studies decision must be reported to Senate.

(o) BOARD OF STUDIES

All references to the 'Board of Studies' means the Board of Studies (Doctoral), with the exception of section 16.1(b) and 16.2 where it refers to the Board of Studies of the Faculty or School in which the candidate is registered. In the case of the School of Management it means the Board of Studies of the School of Management.

(p) RESEARCH INTEGRITY

Candidates conducting research whilst registered at the University of Bath are expected to comply with the *Code of good practice in research integrity* in addition to meeting the requirements for academic integrity set out in Regulation 3.7. Candidates who initially registered on a higher degree by research on or after 1 August 2016 are required, by a suitable progression point in their programme, to have:

- (i) Completed the University's online course on research integrity;
- (ii) Completed a data management plan;

(iii) Secured appropriate ethical approvals for their research project.

A suitable progression point will be dependent on the programme and mode of study but will normally be 12 months (18 months for part-time students) after starting the research element of the programme. This point will therefore be:

(i) at confirmation or transfer of candidature where these are requirements of the programme, or

(ii) as defined within the Scheme of Studies for the Programme, where confirmation or a transfer do not apply, or

(iii) if neither of the preceding provisions is applicable, as determined by the Candidate's Lead Supervisor.

(j) PRESENTATION OF THE THESIS

See Regulation 16.1 (j).

(k) SUBMISSION OF THE THESIS

(i) Subject to the provisions of Ordinance 14.5, and excepting those circumstances set out in 16.4(1)*(i)*, the thesis of the Degree of Doctor of Education must be the result of work done mainly while the student is registered as a candidate for the Degree of Doctor of Education of this University. A certificate to this effect shall be signed by the candidate when presenting the thesis.

(ii) The thesis shall also indicate:

- (a)* where the thesis or any part of the thesis such as a published paper, has been produced jointly with others, that a substantial part is the original work of the candidate, and
- (b)* where the thesis incorporates material already submitted for another degree, the extent of that material and the degree, if any, obtained.
- (c)* Subject to Regulation 16.4(d), a thesis may be submitted at any time after completion of that prescribed minimum period of study and research.
- (d)* Where, in place of a thesis, a candidate submits a portfolio of four papers (which have recently been published or accepted for publication in accredited refereed national or international journals and which embody the results of sustained personal research in the field of Education), the papers submitted need not have been produced whilst the candidate has been registered at the University.

(l) BOARD OF EXAMINERS

(i) Where, in place of a thesis, a candidate submits a portfolio of published papers, the Board of Examiners shall include two external examiners, at least one of whom shall be a recognised authority in the field of the candidate's work. The Board of Examiners shall make recommendations as detailed below. A report on the thesis must be provided by the examiners. either: (1) that the candidate be awarded the Degree of Doctor of Education;
or: (2) that the candidate be awarded the Degree of Doctor of Education, subject to minor corrections to the thesis being executed to the satisfaction of the internal examiner(s);
or: (3) that the candidate be awarded the Degree of Doctor of Education subject to satisfactory performance at a second viva voce examination and subject also to any minor corrections to the thesis required by the examiners. Failure to satisfy the examiners at the second viva shall constitute failure of the submission for the Degree of Doctor of Education;
or: (4) that the candidate not be awarded the Degree of Doctor of Education but be given the opportunity of submitting a revised thesis for the degree of Doctor of Education. The examiners shall normally require the candidate to undergo a second viva voce examination. If, in the opinion of the examiners, the thesis as first submitted is worthy of the award of the Degree of Master of Philosophy, the examiners may offer the candidate the opportunity to accept the Degree of Master of Philosophy, subject to any minor corrections to the thesis which may be prescribed by the examiners and which must be carried out to their satisfaction. A candidate wishing to accept the Degree of Master of Philosophy under these circumstances shall inform the examiners in writing of this wish by the date prescribed by the examiners;
or: (5) that the candidate not be awarded the Degree of Doctor of Education but be awarded the Degree of Master of Philosophy (subject to any minor revisions to the thesis which may be prescribed by the examiners and which must be carried out to their satisfaction);
or: (6) that the candidate be awarded neither the Degree of Doctor of Education nor the Degree of Master of Philosophy, but be awarded either the Postgraduate Diploma in Education or the Postgraduate Certificate in Educational Studies, subject to the requirements for each award as set out in the Scheme of Studies;
or: (7) that the candidate fail and be awarded none of the relevant awards (Doctor of Education, Master of Philosophy, Postgraduate Diploma in Education, Postgraduate Certificate in Educational Studies).

(iii) Where submission of a revised thesis has been recommended candidates may, with the approval of the Board of Studies, be permitted to submit a revised thesis, within such lapse of time as may be prescribed, and present themselves for re-examination; no further resubmission is permitted if the candidate fails to satisfy the Board of Examiners at this second attempt.

(m) AWARD OF THE DEGREE OF DOCTOR OF EDUCATION

The Degree of Doctor of Education shall be awarded to a candidate who shall have:

(i) pursued a programme of study as prescribed under Regulation 16.4(b) above; and
(ii) presented a thesis on the candidate's advanced study and research which satisfies the Board of Examiners as:

- (a) making an original and significant contribution to knowledge
- (b) giving evidence of originality of mind and critical judgement in a particular subject
- (c) containing material worthy of peer-reviewed publication
- (d) being satisfactory in its literary and/or technical presentation and structure with a full bibliography and references

(iii) passed a viva voce examination conducted by the examiners on the broader aspects of the field of research in addition to the subject of the thesis. A viva voce examination is mandatory once a Doctor of Education candidate has submitted a thesis. Where a candidate satisfies the examiners regarding the contents of the thesis but fails to satisfy the examiners at the viva voce, the candidate shall be given an opportunity of re-examination at a second viva voce; failure to satisfy at the second viva voce shall constitute failure of the submission for the Doctor of Education.

Candidates at the discretion of the examiners may be required to pass a written examination to test their knowledge of the chosen field of research.

(n) REVIEWS

Regulation 17 sets out the procedures to be followed in cases where a review of a candidate's progression or result is required.

16.5 The Degree of Doctor of Philosophy (PhD)

This Regulation should be read in conjunction with Regulation 16.1 and, in the case of Integrated PhD programmes, Regulation 16.13.

(a) ADMISSION

(i) For English Language requirements, see Regulation 16.1 (a).

(ii) Graduates may be admitted as candidates for the Degree of Doctor of Philosophy, provided that they have satisfied the Board of Studies both as to their chosen subject of research and their fitness to undertake it and either hold the degree of Master by research of the University or of another Institution approved by Senate for this purpose or hold the degree of Master by taught course of the University or of another Institution approved by Senate for this purpose and have satisfied the Board of Studies that they have an appropriate level and quantity of research experience/training.

(iii) Graduates entering the University on or after 1st October 2012 who do not hold the degree of Master as specified in paragraph (ii) above may be admitted as probationer candidates for the Degree of Doctor of Philosophy, provided they hold a first or second class Honours Degree or its approved equivalent and have satisfied the Board of Studies both as to their chosen subject of research and their fitness to undertake it.

b) CONFIRMATION/TRANSFER OF PhD REGISTRATION

(i) Probationer candidates for the Degree of Doctor of Philosophy shall have their candidature confirmed only after they have submitted a satisfactory report, passed an oral examination conducted by a Progression Board of Examiners (established for this purpose by the Board of Studies), completed any skills training specified during candidature approval, and have been the subject of a satisfactory progress report by their supervisor. Candidates shall be permitted to seek confirmation of PhD status on a maximum of two occasions. No third attempt will be permitted. Submission of work for the first attempt must take place on or before the deadline specified during the process of formal approval of candidature. This deadline will normally fall within twelve months of a full-time candidate's first registration for the degree of PhD

(eighteen months for part-time candidates). A candidate who fails to submit the work by the deadline will normally be deemed to have failed their first attempt. Where the candidate fails either to meet the deadline or to achieve the required standard for confirmation for PhD candidature, submission of work for the second attempt must take place on or before a further deadline specified by the Board of Examiners, normally within six months (nine months for part-time candidates) of the first attempt. A candidate who fails to submit the work by this deadline will normally be deemed to have failed their second attempt.

The Progression Board of Examiners may recommend to the Board of Studies that:

- (1) the candidate's registration for the Degree of Doctor of Philosophy be confirmed;
or
- (2) the candidate be permitted to make a second submission for confirmation within a timescale to be determined by the Progression Board of Examiners; or
- (3) the candidate's registration be transferred to the Degree of Master of Philosophy;
or
- (4) the candidate, having failed to achieve the standard required for continuation as a candidate for the degree of Master of Philosophy, be required to withdraw.

Regulation 17 sets out the procedures to be followed in cases where a review of a progression decision is required.

Recommendations (3) and (4) shall only be made either:

- (a) following a candidate's first attempt to seek confirmation of PhD registration where no second attempt is permitted because the academic judgement of the Progression Board of Examiners is that the candidate has failed to demonstrate sufficient potential to achieve the required standard at a second attempt; or
- (b) following a candidate's second attempt..

Once confirmation of PhD candidature has been approved, the start date for that candidature shall be deemed to be the same as that of the original probationer candidature, and the period of registration carried out since that date shall be counted as part of the minimum and maximum periods of registration permitted for the Degree of PhD.

(ii) Candidates for the Degree of Master of Philosophy of the University, may, with the permission of the Board of Studies, and provided they hold a first or second class Honours Degree or its approved equivalent transfer their candidature to the Degree of Doctor of Philosophy. Permission for this transfer shall only be given after candidates have submitted a satisfactory report, passed an oral examination conducted by a Progression Board of Examiners (established for this purpose by the Board of Studies), completed the skills training specified during the process of candidature approval, and have had a satisfactory report on their progress presented by their supervisor. Candidates shall be permitted to seek confirmation of PhD status on a maximum of two occasions. No third attempt will be permitted. Submission of work for the first attempt must take place on or before the deadline specified during the process of formal approval of candidature. This deadline will normally fall within twelve months of a full-time candidate's first registration for the degree of MPhil (eighteen months for part-time candidates). A candidate who fails to submit the work by the deadline will normally be deemed to have failed their first attempt. Where the candidate fails either to meet the deadline or to achieve the required standard for transfer to PhD candidature, submission of work for the second attempt must take place on or before a further deadline specified by the Board of Examiners, normally within six months (nine months for part-time candidates) of the first attempt. A candidate who fails to submit the work by this deadline will normally be deemed to

have failed their second attempt.

The Progression Board of Examiners may recommend to the Board of Studies:

- (1) that the candidate's registration be transferred to the Degree of Doctor of Philosophy; or
- (2) that the candidate be permitted to make a second submission for confirmation within a timescale determined by the Progression Board of Examiners; or
- (3) that the candidate's registration for the Degree of Master of Philosophy be confirmed; or
- (4) that the candidate, having failed to achieve the standard required for continuation as a candidate for the degree of Master of Philosophy, be required to withdraw.

Regulation 17 sets out the procedures to be followed in cases where a review of a progression decision is required.

Recommendations (3) and (4) shall normally only be made either:

- (a) following a candidate's first attempt to seek transfer to PhD registration where no second attempt is permitted because the academic judgement of the Progression Board of Examiners is that the candidate has failed to demonstrate sufficient potential to achieve the required standard at a second attempt, or
- (b) following a candidate's second attempt.

Once the transfer to PhD candidature has been approved, the start date for that candidature shall be deemed to be the same as that of the original MPhil candidature, and the period of registration carried out since that date shall be counted as part of the minimum and maximum periods of registration permitted for the Degree of PhD.

Candidates whose registration has been transferred from probationer PhD to MPhil under the provision of 16.5(b)(i) above may not subsequently seek transfer from MPhil to PhD candidature.

(iii) Candidates who are qualified for registration for a Master's Degree and intend ultimately to pursue a course for a Doctorate but are debarred from transfer by reason of an inadequate first qualification, must submit for and be awarded the Degree of Master in the first instance. Thereafter registration for the Degree of Doctor of Philosophy shall be subject to the general rules in the first part of this section. The period of registration for the degree of Master of Philosophy shall not be counted towards the maximum period of registration permitted for candidature for the Degree of Doctor of Philosophy.

(c) PROGRAMME OF STUDY

The programme to be followed shall be one of supervised research.

(d) MINIMUM PERIODS OF REGISTRATION

In accordance with Ordinance 14, the period of study shall not be less than twenty-four calendar months.

Subject to the provision of Regulation 16.1 (e) a candidate unable to do so may before the end of the fourth year, seek an extension of registration for a period not exceeding twelve months and the Board of Studies may grant such an extension on one occasion only.

(iii) A part-time candidate shall present for examination within six years of the date of registration. Subject to the provision of Regulation 16.1 (e) a candidate unable to do so may before the end of the sixth year, seek an extension of registration for a period not exceeding twelve months and the Board of Studies may grant two such twelve months extensions only.

(f) SUSPENSION OF REGISTRATION

See Regulation 16.1 (d).

(g) COMPLETION OF REGISTRATION

See Regulation 16.1 (c).

(h) RE-REGISTRATION

A candidate whose registration has lapsed either by the passage of time or through non-payment of fees or who wishes to change the registered topic must seek permission of the Board of Studies to re-register as a candidate for the Degree. In such cases the Board of Studies may specify what previous periods of study, if any, may be counted towards the minimum prescribed period of study. The Board of Studies may specify the minimum period of study of a candidate before it is deemed that the provisions of the Regulations have been met.

(i) ATTENDANCE REQUIREMENTS

(i) Full-time candidature

The programme of research shall be pursued in the University, except for any period which may, with the approval of the Board of Studies, be spent at any establishment or institution outside the University which has been approved by Senate for this purpose.

(j) SUPERVISION

Every candidate shall be assigned to a supervisory team by the Board of Studies. In

the case of industrially/externally-based candidates, an external supervisor shall in addition be assigned. Where more than one supervisor is appointed, the Faculty/School Doctoral Studies Committee shall nominate one to report on the work and progress of the candidate. The Board of Studies shall ensure the appointment of another internal supervisor in those cases where the original supervisor has left the employ of the University or is on leave of absence or study leave.

(k) PRESENTATION OF THE THESIS

See Regulation 16.1 (j).

(l) SUBMISSION OF THE THESIS

(i) Subject to the provisions of Ordinance 14.5, the thesis for the Degree of Doctor of Philosophy must be the result of work done mainly while the student is registered as a candidate for the Degree of Doctor of Philosophy of this University. A certificate to this effect shall be signed by the candidate when presenting the thesis.

(ii) The thesis shall also indicate:

- (a)* where the thesis or any part of the thesis such as a published paper, has been produced by a candidate jointly with others, that a substantial part is the original work of the candidate, and

(iii) Subject to Regulation 16.5(e), a thesis may be submitted at any time after completion of the prescribed minimum period of study and research.

(m) BOARD OF EXAMINERS

(i) The Board of Examiners shall make recommendations as detailed below. A report on the thesis and the viva examination must be provided by the examiners. If the Board of Examiners cannot agree, the Board of Examiners shall report this disagreement to the Board of Studies who may recommend to Senate that a new Board of Examiners be appointed, without prejudice to the candidate.

(ii) The Board of Examiners may recommend to the Board of Studies:

either: (1) that the candidate be awarded the Degree of Doctor of Philosophy;

or: (2) that the candidate be awarded the Degree of Doctor of Philosophy subject to minor corrections to the thesis being executed to the satisfaction of the internal examiner(s);

or: (3) that the candidate be awarded the Degree of Doctor of Philosophy subject to satisfactory performance at a second viva examination and subject also to any minor corrections to the thesis required by the examiner(s). Failure to satisfy the examiners at the second viva shall constitute failure of the submission for the Degree of Doctor of Philosophy;

or: (4) that the candidate not be awarded the Degree of Doctor of Philosophy but be given the opportunity to submit a revised thesis for the degree of Doctor of Philosophy. The examiners may require the candidate to undergo a second viva voce examination. If, in the opinion of the examiners, the thesis as first submitted is worthy of the award of the Degree of Master of Philosophy, the examiners may offer the candidate the opportunity to accept the Degree of Master of Philosophy, subject to any minor corrections to the thesis which may be prescribed by the examiners and which must be carried out to their satisfaction. A candidate wishing to accept the degree of Master of Philosophy under these circumstances shall inform the examiners

in writing of this wish by a date prescribed by the examiners;

or: (5) that the candidate not be awarded the Degree of Doctor of Philosophy but be awarded the Degree of Master of Philosophy (subject to any minor revisions to the thesis which may be prescribed by the examiners and must be carried out to their satisfaction);

- (d) being satisfactory in its literary and/or technical presentation and structure with a full bibliography and references
- (e) demonstrating an understanding of the context of the research: this must include, as appropriate for the subject of the thesis, the scientific, engineering, commercial and social contexts, and

(iii) passed a viva voce examination conducted by the examiners on the broader aspects of the field of research in addition to the subject of the thesis. A viva voce examination is mandatory once a Doctor of Philosophy candidate has submitted a thesis.

Candidates at the discretion of the examiners may be required to pass a written examination to test their knowledge of the chosen field of research.

(b) A candidate wishing to present for the MD or MS degree shall give at least six month's notice of intention to the Head of the appropriate Department or School, together with an outline of the proposed research and a list of the candidate's qualifications. The Head of Department or School shall forward this to the Board of Studies for its consideration of the chosen subject of research and the candidate's fitness to undertake it. If the candidature and the proposed research are approved, the Board shall appoint supervisors (both internal and external as required), at least one of whom normally shall be a clinician.

(c) The supervisors shall, in due course, report to the Board of Studies whether the work presented is worthy of examination, and, if so:

Candidates should note that they are expected and advised to seek consultation at an early date. The work shall be submitted in accordance with paragraph (i) or (ii) below. In either case the work shall be presented in accordance with Regulation 16.1 (e).

(i) **Either:** a candidate for the degree of Doctor of Medicine or the degree of Master of Surgery may present a thesis embodying the results of work done mainly while the candidate is employed in appropriate clinical or scientific work in one or more of the hospitals or institutions as approved under 16.6(a)(iii) above. A certificate to this effect shall be signed by the candidate when presenting the thesis. The certificate should indicate, where the thesis or other submission has been produced by a candidate jointly with others, that a substantial part is the original work of the candidate.

(ii) **Or:** a candidate may submit a substantial body of published work or works

embodying the results of personal observations or research in some aspect of Medicine or Surgery. There should be an accompanying account of the candidate's role in initiating and carrying out the research which should normally be the result of sustained work in a single field to which it makes an original contribution.

A viva voce examination is mandatory once a Doctor of Medicine or Master of Surgery candidate has submitted a thesis or other work as provided in Regulation 16.6(e)(i) or (ii) above.

(iii) If the thesis or other submission, though inadequate, shall seem of sufficient merit to justify such action, the Board of Examiners may at their discretion permit the candidate to represent the work in a revised form not later than a date to be prescribed by the examiners.

The Board of Studies shall specify the quantity and nature of any further work that is required to meet the requirements for the award of any of these qualifications.

**(d) MID-TERM REVIEW AND CONFIRMATION OF EngD REGISTRATION
(WHERE SPECIFIED BY THE SCHEME OF STUDIES)**

Where specified by the Scheme of Studies, candidature for the degree of Doctor of Engineering will only be confirmed after submission of a satisfactory major report of 8,000-10,000 words as specified in the Scheme of Studies and successful completion of an oral examination conducted by a Progression Board of Examiners (established for this purpose by the Board of Studies) as specified in the Scheme of Studies. As an outcome of the Mid-term Review recommendations (iii) and (iv) shall only be made either:

- (a) following a candidate's first attempt to seek confirmation of EngD registration where no second attempt is permitted because the academic judgement of the Progression Board of Examiners is that the candidate has failed to demonstrate sufficient potential to achieve the required standard at a second attempt; or
- (b) following a candidate's second attempt.

(j) PRESENTATION OF THE THESIS

See Regulation 16.1 (j).

(k) SUBMISSION OF THE THESIS

(i) Subject to the provisions of Ordinance 14.5, the thesis of the Degree of Doctor of Policy Research & Practice must be the result of work done mainly while the student is registered as a candidate for the Degree of Doctor of Policy Research & Practice of this University. A certificate to this effect shall be signed by the candidate when presenting the thesis.

(ii) The thesis shall also indicate:

(a) where the thesis, or any part of the thesis such as a published paper, has been produced jointly with others, that a substantial part is the original work of the candidate, and

(b) where the thesis incorporates material already submitted for another degree, the extent of that material and the degree, if any, obtained.

(c) Subject to Regulation 16.17(d), a thesis may be submitted at any time after completion of the prescribed minimum period of study and research.

(l) BOARD OF EXAMINERS

(i) The Board of Examiners shall make recommendations as detailed below. A report on the thesis must be provided by the examiners. If the Board of Examiners cannot agree, the Board of Examiners shall report this disagreement to the Board of Studies which may recommend to Senate that a new Board of Examiners be appointed, without prejudice to the candidate.

(ii) The Board of Examiners may recommend to the Board of Studies:

either: (1) that the candidate be awarded the Degree of Doctor of Policy Research & Practice;

or: (2) that the candidate be awarded the Degree of Doctor of Policy Research & Practice, subject to minor corrections to the thesis being executed to the satisfaction of the internal examiner(s);

or: (3) that the candidate be awarded the Degree of Doctor of Policy Research & Practice subject to satisfactory performance at a second viva voce examination and subject also to any minor corrections to the thesis required by the examiners. Failure to satisfy the examiners at the second viva shall constitute failure of the submission for the Degree of Doctor of Policy Research & Practice;

or: (4) that the candidate not be awarded the Degree of Doctor of Policy Research & Practice but be given the opportunity of submitting a revised thesis for the degree of Doctor of Policy Research & Practice. The examiners shall normally require the candidate to undergo a second viva voce examination. A candidate wishing to accept the Degree of Master of Philosophy under these circumstances shall inform the examiners in writing of this wish by the date prescribed by the examiners;

or: (5) that the candidate not be awarded the Degree of Doctor of Policy Research & Practice but be awarded the Degree of Master of Philosophy (subject to any minor revisions to the thesis which may be prescribed by the examiners and which must be carried out to their satisfaction);

or: (7) that the candidate fail and be awarded none of the relevant awards (Doctor of Policy Research & Practice, Master of Philosophy, Postgraduate Diploma in Policy Research & Practice, Postgraduate Certificate in Policy Research & Practice).

(iii) Where submission of a revised thesis has been recommended candidates may, with the approval of the Board of Studies, be permitted to submit a revised thesis, within such lapse of time as may be prescribed, and present themselves for re-examination; no further resubmission is permitted if the candidate fails to satisfy the Board of Examiners at this second attempt.
