

## Covid-19 – Week Eight Check In Survey: Response from Digital, Data and Technology (DDaT) Group

We welcome the largely positive feedback on the use of collaborate tools such as Microsoft teams, to develop contextual skills further we have recruited an Office 365 Service Adoption Manager. We are and will continue to partner with the Skills Center and CLT to develop training and promotion for appropriate and effective use of Office 365 products and the integration and collaboration of information via MS Teams with OneDrive, OneNote and SharePoint in teaching and learning.

John Gardner  
Deputy Director-Operations
