Core students

Level		
Undergraduate	12881	76%
Postgraduate taught	2621	16%
Research	1378	8%
Total	16880	100%

1st December snapshot of students by level of study.
 This only includes students who were actively studying as at the census date.
 Core students.

Fee status		
Home	13596	81%
Overseas	3284	19%
Total	16880	100%

1st December snapshot of active students by fee status - Home includes EU students.
 This only includes students who were actively studying as at the census date.
 Core students.

Mode		
Full-time	14940	89%
Part-time	1940	11%
Total	16880	100%

1st December snapshot of students by mode of attendance.
 This only includes students who were actively studying as at the census date.
 Core students.

Undergraduate		
Mode		
Full-time	12845	100%
Part-time	36	0%

Students counted

The tables here summarise the numbers of students studying at, or in association with, the University of Bath in the academic year 2016/17 at the snapshot date of 1 December 2016. It is at this date that early returns from Universities are made to the Higher Education Funding Councils. The overall total of students given in these tables (17308) is the number of those with active registrations at the census date; it excludes all students whose registration was in suspense, and those research students who, having completed their research, were writing-up their theses either with reduced supervision or without supervision.

Student types

Two types of students are included: *core and visiting*. Visiting students are incoming students on exchange programmes such as the EU SOCRATES-ERASMUS programme, or students on programmes jointly run with other universities who are studying at Bath but do not intend to gain an award from the University of Bath.

Levels

Three levels are included: *undergraduate* (taught programmes only, Foundation Degree/sub-degree, and degree, including undergraduate Masters such as MEng), *postgraduate taught* and *research*.

Mode of study

Students are divided into two modes of study: *Full-time*, including programmes with a sandwich placement, and *Part-time*, including distance learning.

Fee status

Tuition fees are charged at two different rates: *home* and *overseas*. UK and EU students are eligible to pay home fees. All other students pay overseas fees. Seventy nine students domiciled in the Channel Islands and the Isle of Man, are included in the overseas category, to comply with the practice of the Higher Education Funding Council for England (HEFCE).

International students

The table of international student numbers shows students whose *nationality* is other than British and students whose *domicile* is other than UK. This analysis assumes that the students from the Channel Islands and the Isle of Man and any student whose nationality is not known are not international students. The table includes all types of active registrations: core, visiting students and staff registrations. The table lists those countries with the most students at the University of Bath arranged in descending order by domicile. Domicile is the country of the student's permanent or home address immediately preceding the start of their programme of study. Within the total international student numbers, 126 domicile countries and 131 nationality countries are represented. About 1% of the international students (based on nationality) are based off campus, primarily on distance learning programmes.

Faculties

There are four Faculty-level bodies within the University: the Faculty of Engineering & Design, the Faculty of Humanities & Social Sciences, the School of Management and the Faculty of Science. Cross-faculty programmes are shown separately.

Study at other locations & Foundation Degree/sub-degree study

The undergraduate category includes 191 students on Foundation Degree/sub-degree/honours year programmes in local partner colleges in the region and the University's Bath campus. These students appear in the Faculty totals according to their administrative locations within the University.
