1. Scope

- 1.1 These guidelines apply to the University of Bath's undergraduate financial support framework for new first year students taking up a place of study for 2018-19 paying fees of £9,250 per year for campus based courses or £7,710 for franchised non campus based courses. They apply to awards made under the terms of the University's 2018-19 [Access & Participation Plan](#) and to an agreed list of scholarships supported by University donors. These guidelines do not cover financial support made under government loan or grant frameworks.

2. Terminology and definitions

- 2.1 The **Bath Bursary** or **Gold Scholarship Programme (GSP)** is a non-repayable cash award available to you if you are a Home UK student. It is designed to assist you with your living and course related costs during your studies. It will be paid to you in instalments. You do not have to tell us how you are going to spend it. They are available to you if you have a student loans household income assessment of £22,000 or below and meet certain additional specified criteria. If you are awarded a GSP, you cannot be considered for a Bath Bursary or vice versa, or those on our web pages badged as Income Related Scholarships. You can receive these awards in addition to any Government grant or loan you receive.
- 2.2 A **scholarship** is a non-repayable cash award. The eligibility criteria for scholarships usually involve an element of academic, sporting or other special merit and, in some cases, are based on your student loans household income assessment. Scholarships are paid in instalments and, again, there are no restrictions on how you spend any award. Scholarships come from a variety of sources and are mainly funded through the generosity of alumni, corporate partners and other donors.
- 2.3 **Access Agreement** refers to the written statement of agreement the University has with the [Office for Students](#). This document states in detail the fees the University is allowed to charge, the financial support it guarantees to make available to eligible students and the outreach activity the University agrees to undertake to support fair access. The University has more than one Access Agreement because the nature of its support for students has changed over time. Your financial support arrangements are linked to the Access Agreement for 2018-19 and this Agreement will apply for the duration of your studies. Any changes to the financial support framework introduced for later student cohorts will not be applied retrospectively to you.

3. Eligibility and Application

- 3.1 Our bursary and scholarship schemes have specific eligibility criteria which are set out in this document. Bursaries and scholarships identified in this document are available to identified Home UK students only who are studying full-time campus based undergraduate or foundation/top up degree courses and who meet the specified eligibility criteria.
- 3.2 A copy of these terms and conditions can also be found in your Bath Application Tracker in the Bath Financial Support package area. This is where you can upload evidence, as appropriate, of your family being in receipt of a means tested benefit, your care leaver/young carer/estrangement status evidence and submit your supporting statement for the Gold and Income Related Scholarships.
- 3.3 You will be asked to submit any additional evidence we may require during late spring via your Bath Application Tracker. You will be notified by email if we establish that you are eligible for a Bath Bursary or Gold Scholarship with details of any allocation made.

3.4 Our Gold and Income Related Scholarship awards are based on a supporting statement as well as student loan household income assessment, academic merit and other widening participation criteria. You will be invited to submit a supporting statement during late spring via your Bath Application Tracker. Details on the application timescales can be found on our [webpages](#).

Gold Scholarship Programme (GSP) (campus based courses)

If eligible you will receive:

- £5,000 scholarship per year of study including unpaid placement and study abroad periods
- no scholarship is payable during a paid placement period

There will also be compulsory enrichment activities to maximize your Bath experience and develop your career aspirations:

- 50 hours of volunteering / fundraising / outreach a year
- Alumni mentoring
- personal development, networking and skills training sessions
- support with placements and internships
- pastoral support networks

Eligibility criteria for the Gold Scholarships (campus based courses)

You need to:

- be an eligible Home UK student *and*
- be registered on a full-time campus based undergraduate or foundation degree course *and*
- have a student loans household income assessment of £22,000 or below *and*
- meet at least one or more of the following criteria:
 1. your home is in an area where there is a [low participation of young people progressing into higher education](#) (quintile areas 1 to 2 qualify) *or*
 2. your school/college performance is below average *or*
 3. you are a [care leaver](#) *or*
 4. you or your family receive a state [means-tested benefit](#) *or*
 5. you have completed an [Access to HE Diploma](#)
 6. you are '[irreconcilably estranged](#)' from your parent(s) or guardian(s)
 7. you are a [Young Carer](#)
 8. you are a [refugee/asylum seeker](#)
 9. your home address is considered to be in an area of low social mobility according to [ACORN](#) data (categories 4 and 5 qualify except 4K)

These awards are discretionary, so even if you meet the criteria you are not guaranteed one. Some awards may be linked to specific faculties, departments or courses of study.

University of Bath Bursaries (campus based courses)

If eligible you will receive:

- £3,000 bursary per year of study including unpaid placement and study abroad periods.
- no bursary is payable during a paid placement period

Eligibility criteria for the University of Bath Bursary (campus based courses)

You need to:

- be an eligible Home UK student *and*
- be registered on a full-time **campus based** undergraduate or foundation degree/top up course *and*
- have a student loans household income assessment of £22,000 or below *and*
- meet at least one or more of the following criteria:
 1. your home is in an area where there is a [low participation of young people progressing into higher education](#) (quintile areas 1 to 2 qualify) *or*
 2. your school/college performance is below average *or*
 3. you are a [care leaver](#) *or*
 4. you or your family receive a state [means-tested benefit](#) *or*
 5. you have completed an [Access to HE Diploma](#)
 6. you are '[irreconcilably estranged](#)' from your parent(s) or guardian(s)
 7. you are a [Young Carer](#)
 8. you are a [refugee/asylum seeker](#)
 9. your home address is considered to be in an area of low social mobility according to [ACORN](#) data (categories 4 and 5 qualify except 4K)

Local student start-up bursary

If you are eligible for the Bath Bursary or Gold Scholarship and also live within a qualifying local authority area you will receive an award to help with the start-up costs of coming to Bath.

If eligible you will receive in the first year of study only:

- additional £1,000 in the first instalment of the bursary

Qualifying local authority areas are: Bath & North East Somerset, Bristol, South Gloucestershire, North Somerset, Somerset County, Gloucestershire County, Wiltshire County, Swindon, Monmouthshire County, Torfaen, Blaenau Gwent, Caerphilly, Cardiff, Vale of Glamorgan, Rhondda Cynon Taf, Merthyr Tydfil, Bridgend, Neath Port Talbot, and Swansea.

Bursaries for the Foundation Degree in Addictions Counselling

If eligible you will receive:

- a £3,000 bursary in Year 1 and 2

Eligibility criteria for the Foundation Degree in Addictions Counselling bursary

You need to:

- be an eligible Home UK student and
- be registered on the full-time Foundation Degree in Addictions Counselling and
- have a student loans household income assessment of £22,000 or below

Bursaries for the Honours Year top up Degree in Addictions Counselling

If eligible you will receive:

- a £1,000 bursary (pro-rata for part-time)

Eligibility criteria for the Honours Year top up Degree bursary

You need to:

- be an eligible Home UK student *and*
- be registered on a full or part-time franchised non campus based honours year top up degree course *and*
- paying the higher rate tuition fees of £7,710 (pro-rata for part-time)

Income Related Scholarships (undergraduate campus based courses)

You will be considered for these discretionary scholarships based on your student loans assessed household income, academic achievements, a supporting statement, widening participation as indicated below and any other relevant eligibility criteria. Some awards may be linked to specific faculties, departments or courses of study. Awards are limited and so not all applications will be successful.

Scholarship value

Awards vary in value and may be worth up to £3,000 a year. Awards are not normally payable during a placement period.

Eligibility criteria which you must meet to apply for the income related scholarship awards

You need to:

- be an eligible Home UK student *and*
- be registered on a full-time campus based undergraduate honours degree course
- not already hold an honours degree (or equivalent)
- have a student loans household income assessment at, or below £42,875 *and*
- have achieved grades of at least AAB at A Level or equivalent *and*
- not be eligible for, or in receipt of, the Bath Bursary or Gold Scholarship. Some scholarship exceptions may apply with our corporate schemes.

As part of our shortlisting process we will also take into account the following widening participation criteria:

1. your home is in an area where there is a [low participation of young people progressing into higher education](#) (quintile areas 1 to 2 qualify) *or*
2. your school/college performance is below average *or*
3. you are a [care leaver](#) *or*
4. you or your family receive a state [means-tested benefit](#) *or*
5. you have completed an [Access to HE Diploma](#)
6. you are '[irreconcilably estranged](#)' from your parent(s) or guardian(s)
7. you are a [Young Carer](#)
8. you are a [refugee/asylum seeker](#)
9. your home address is considered to be in an area of low social mobility according to [ACORN](#) data (categories 4 and 5 qualify except 4K)

Meeting one of the criteria above is not essential to be selected for a scholarship. These awards are discretionary, so even if you meet the criteria you are not guaranteed one. Some awards may be linked to specific faculties, departments or courses of study.

Bursaries for the Part 2 Masters in Architecture (campus based)

Eligible students will receive:

- Yr1 a £1,000 bursary (if your placement period is unpaid) *or*
- Yr1 a £500 bursary (if your placement period is paid)
- Yr2 a £1,000 bursary

Eligibility criteria for the Part 2 Masters in Architecture bursary

You need to:

- be an eligible Home UK student *and*
- paying the higher rate tuition fees of £9,000 or more
- be registered on the full-time Part 2 Masters in Architecture degree course *and*
- have a student loans household income assessment of £22,000 or below *and*
- meet at least one or more of the following criteria:
 1. your home is in an area where there is a [low participation of young people progressing into higher education](#) (quintile areas 1 to 2 qualify) *or*
 2. your school/college performance is below average *or*
 3. you are a [care leaver](#) *or*
 4. you or your family receive a state [means-tested benefit](#) *or*
 5. you have completed an [Access to HE Diploma](#)
 6. you are '[irreconcilably estranged](#)' from your parent(s) or guardian(s)
 7. you are a [Young Carer](#)
 8. [you are a refugee/asylum seeker](#)
 9. your home address is considered to be in an area of low social mobility according to [ACORN](#) data (categories 4 and 5 qualify except 4k)

4. General Conditions

- 4.1 If you are not eligible for a bursary award in 2018-19 but subsequently believe that you meet our criteria in a future academic year (for example if your family household income has fallen), you may be able to apply to the [Discretionary Student Support Fund \(DSSF\)](#) for assistance. Separate guidelines and conditions apply to this fund which is administered by the [Student Money Advice Team](#) in Student Services. Any assistance from this fund will be for one year only but may be renewable. The Money Advice Team is able to provide advice and guidance about managing your finances and may be able to assist in sourcing additional funding.
- 4.2 An award will not normally be taken away if your household income eligibility changes in any subsequent year, there will not be any routine reassessment of household income year-to-year.
- 4.3 If you join the University in 2018-19 but previously started a degree in 2012 or later at, and then withdrew from, another UK University and you are entering into Year 1 of studies at Bath, you will be considered for a bursary according to the year of entry that you commence studies at the University of Bath.

- 4.4 If you join the University in 2018-19 and are transferring directly into Year 2 of your studies you will not be eligible for our funding schemes as listed in these terms and conditions. Our terms and conditions state that eligibility for a bursary or income related scholarship is determined in Year 1 of studies. As a result, you will miss our deadlines for consideration for these schemes as you would not have been a new entrant during the assessment of eligibility period. However, if you meet the general eligibility criteria for our bursary scheme for 2012 or later entrants then you may apply to the [Discretionary Student Support Fund \(DSSF\)](#) to be considered for a bursary award. This is administered by the [Student Money Advice Team](#) in Student Services.
- 4.5 If we have determined you as EU for fees purposes but you are a UK citizen 'born in' the UK and have resided in the EU or EEA for the previous 3 years or more, then please contact us as we may need to review your fees status for bursary and scholarship funding purposes. If you have questions about your fees status in general you can [contact us](#) for advice. Please refer to our [Fees Status Assessment](#) criteria for further information.

5. Selection

- 5.1 Bursaries are awarded to those who meet the eligibility criteria at the time of allocation. An award will not normally be taken away if eligibility changes in any subsequent year and there will not be any routine reassessment of household income year-to-year. You will not need to repay funds paid to you if your circumstances change in this way.
- 5.2 Gold, Income Related Scholarships, corporate, arts and sports scholarships are discretionary. This means even if you meet all the criteria you are not guaranteed one. The University and/or corporate partners will select the scholars it deems to be the most deserving in its sole discretion. Our/their decision in this respect is final and there is no right of appeal. Candidates will be selected for an award based on the eligibility criteria, their supporting statement and any other selection methods that may be used e.g. interviews, auditions or assessment centres, as appropriate.
- 5.3 It is the University's responsibility to identify potential award recipients on the basis of these criteria but the University cannot be responsible for any errors or omissions in the information supplied to it and on which eligibility decisions are based. The University's decision on the interpretation of eligibility criteria is final and there is no right of appeal.
- 5.4 Some of our corporate schemes are allocated and awarded independently from the University and any final decisions about awards will be made by the relevant corporate organisation.
- 5.5 You cannot be considered for an award if you have not responded to our invitations to apply for our funding schemes and submitted appropriate evidence, as appropriate, or if we have not received into our student record systems your assessed household income data from your student loans awarding agency by the published deadlines below. We cannot be held responsible for any delays in receiving information from your student loans awarding agency as a result of their assessment processes or incomplete/late applications made to them. Awards cannot be claimed retrospectively.
- 5.6 If you are awarded the Bath bursary or Gold Scholarship, you cannot be considered for an Income Related Scholarship. Corporate, arts and sports awards and some department allocated schemes usually allow students to hold a Bath Bursary/Gold /Income Related Scholarship in addition. Some

schemes, especially corporate awards, may have restrictions on receiving funds from another corporate partner, if from the same business field e.g. financial institutions. You may apply for both schemes and if successful you will be advised if you are required to make a choice about which scheme to accept.

- 5.7 The final deadline date to be considered for a Gold Scholarship Programme award is midnight on 31 August 2018.
- 5.8 The final deadline date to be considered for an Income Related Scholarship is midnight on 31 August 2018.
- 5.9 The final deadline date to be considered for a University of Bath Bursary is midnight on 25 January 2019.
- 5.10 You should refer to individual scholarship schemes for all other closing dates.
- 5.11 The University reserves the right to alter its allocation schedule.

6. Continued receipt of a bursary or scholarship

- 6.1 Scholarships may be withdrawn or payments withheld if you no longer meet any specific course requirements, specific grade progression criteria, or other conditions that may be attached to a particular scheme e.g. volunteering hours for the Gold Scholarship Scheme. Details of any continuation criteria you need to meet will be detailed in your award email, if successful. Decisions will be made at the discretion of the Department of Development and Alumni Relations and/or Scholarships & Bursaries Team and/ or Team Bath and/ or Edge Arts and/ or the scholarship provider.

7. Payment

- 7.1 Bursaries and most scholarships will be paid in three equal instalments during each academic year of study. You will be notified in your award email about the payment schedule. Payment dates will be advertised on the [Student Finance Office web pages](#). They are normally in December, February and May.
- 7.2 For recipients on the Gold Scholarship Programme (GSP) we reserve the right to hold scholarship payments if you are not on track to fulfil the GSP requirements. Please refer to the GSP terms and condition for full details about the participation and volunteering requirements of this award.

8. Placement Periods

- 8.1 Bursaries for eligible students which are given in your placement year are for unpaid or study abroad periods only.
- 8.2 For the purposes of the bursary and scholarships schemes a placement is defined as: Students who undertake a thick or thin sandwich course that has a full or half year placement option as an integral part of their course. These courses have defined UCAS codes that identify them as an undergraduate degree course with placement.

- 8.3 Placements can be made up of paid or unpaid employment, research, Erasmus+ or study abroad (including placements under the Erasmus scheme). These periods normally attract a reduced tuition fee liability.
- 8.4 Some degree courses offer an 'optional' additional study abroad placement, normally in Semester 1 of your fourth year of studies. Your eligibility for support during any such period will relate to your tuition fee liability e.g. placement rate or full fees payable. Further information on tuition fee charges is available from the University's [Student Finance Office](#).
- 8.5 The BSc (Hons) Social Work and Applied Social Sciences has practice learning opportunities as part of the course and these are not considered as a placement under these terms and conditions.
- 8.6 If you are in receipt of a paid allowance for your placement period, that is to say receiving a non-taxable payment which is not a salaried income, then you will be treated as if you are on an unpaid placement. If you are in receipt of a payment that is classed as taxable income by your placement provider or country of placement, then you will be treated as if you are on a paid placement. Your academic department will be responsible for ensuring that your mode of attendance and placement type is correctly indicated in your SAMIS record.
- 8.7 For courses that are defined as a thin placement course (e.g. Business Administration), bursaries and scholarships are applied on a pro-rata basis across the relevant placement years.
- 8.8 If you are on a placement year that is split between part study abroad or unpaid period with the other half as a paid placement, then any bursary or scholarship entitlement will be paid on a pro-rata basis.

9. Honours top up year

- 9.1 Following graduation from your Foundation Degree in Addictions Counselling or the Foundation Degree in Sports Performance, and if you continue immediately onto the Honours top up year, then you will continue to receive a bursary award as outlined in this document. If you take a gap year (e.g. whole academic year) before continuing onto the honours year, then any award will be based on the funding in place for that academic year. Part-time Honours top up years will receive the award on a pro-rata basis.

10. Changes to study

- 10.1 If you change your course or mode of study and are in receipt of an award which is for example course/mode specific, it may be withdrawn. If you make a change to your original course of study you must notify the [Scholarships and Bursaries Team](#). If you are in receipt of a scholarship you must also notify the [Department of Development and Alumni Relations](#), as it may affect your continued eligibility.

11. Suspensions and withdrawal from studies

- 11.1 If you suspend or withdraw from your studies then you will not be eligible to receive any future award payments in that year. You must notify the [Scholarships and Bursaries Team](#) of your change in circumstances. If you are in receipt of a scholarship you must also notify the [Department of Development and Alumni Relations](#), as it may affect your continued eligibility.

- 11.2 Any Bath Bursary or GSP award paid to you will not have to be repaid.
- 11.3 If you suspend or withdraw from your studies then any donor or corporate scholarship paid to you may have to be repaid at the discretion of the Department of Development and Alumni Relations and the relevant donor or corporate partner.
- 11.4 You may be eligible to receive any outstanding awards due upon your return to studies, following a period of suspension.
- 11.5 If you suspend your studies, your continuation to receive a donor or corporate scholarship is at the discretion of the Department of Development and Alumni Relations and the relevant donor or corporate partner.

12. Repeating or deferring your studies

- 12.1 Bursary or scholarship awards will not be paid during any repeat period(s) of study. This includes studying for the same academic year twice even if this is for a different course. For example if you commenced studies in Yr1 on an Engineering course in 2018/19 then transferred to Yr1 of a Biology course in 2019/20.
- 12.2 If you are in receipt of the Bath Bursary or Gold Scholarship Programme, you may be able to apply to the [Discretionary Student Support Fund \(DSSF\)](#) for financial assistance, if the reason for your repeat year is due to mitigating circumstances. Separate guidelines and conditions apply to this fund which is administered by the [Student Money Advice Team](#) in Student Services.
- 12.3 Awards are allocated for 2018-19 entry only. If you defer or withdraw and restart, any award already offered will become void. If eligible, you will be considered for support the following year, but this will be subject to the terms of the Access Agreement and any funding provision then in force.

13. Disciplinary action and fraudulent applications

- 13.1 The University reserves the right to withdraw an award from anyone who is found to have misled the University about any aspect of their eligibility and to seek repayment of any monies already paid to them. In such cases the University may seek to recover any money paid as a debt in the county court (in which case it may also seek to recover additional sums such as interest, court fees and legal costs). We may request at any point, for audit purposes, evidence of any widening participation criteria as stated in your application.

14. Definitions

The following definitions apply:

Home UK	Eligible Home UK students are those that are classed as UK (England, Wales, Scotland or Northern Ireland), as assessed for student support purposes, as determined by Student Finance England (SFE) or other relevant UK student loans awarding agency. This is in addition to a Home UK fees status as determined by the University. Students from the Channel Islands or the Isle of Man are not UK students according to this definition and are subject to 'Islands students' status.
----------------	---

EU Student	EU students are those that are classed as Home EU (European), as assessed for student support purposes, as determined by SFE. This is in addition to a Home EU fees status as determined by the University. Students from the Channel Islands or the Isle of Man are not EU students according to this definition and are subject to 'Islands students' status.
Campus-based	These are undergraduate degree or foundation degree courses delivered on the University of Bath site at Claverton Down, BA2 7AY. Courses delivered off site via franchised agreements with partner organisations are excluded and have a different bursary scheme in place.
Widening Participation Criteria	
Household income	This refers to the annual residual household income calculation we receive from your student loans awarding agency. Residual income is the household income before tax and after any pension contributions or allowances for dependent children. For full-time students, a full financial assessment must have been carried out by your student loans awarding agency and it is your responsibility to ensure this has been completed.
Care Leaver	<p><i>The Children (Leaving Care) Act 2000 definition states that a care leaver is someone 25 or under who has been in Local Authority Care for a period of at least 13 weeks or more since the age of 14 and who was in care on their 16th birthday.</i></p> <p>You may have indicated your care-leaver status on your UCAS form and you must evidence to our Student Retention & Success Adviser that this applies to you. You will need to provide a letter from a social worker or Leaving Care Personal Adviser or other relevant professional confirming your care status.</p>
Young Carer	<p>You are classed as a young adult carer if you are a carer between the ages of 18 and 25 who looks after a relative or friend, of any age, due to disability, chronic/terminal illness, mental health problems or alcohol or drug addiction/dependency.</p> <p>You will need to provide a letter from a social worker, teacher or other relevant professional confirming your estrangement status.</p>
Irreconcilably estranged	<p>An irreconcilably estranged applicant is someone who has not had any verbal or written contact with their parents for a significant period of time, on or before the first day of the academic year for which you are applying for funding, and this is unlikely to change. This can include your biological or adoptive parents, or your only living parent. A significant period of time is usually considered to be twelve months or longer, but this can also depend on your circumstances.</p> <p>You will need to provide a letter from a social worker, teacher or other relevant professional confirming your estrangement status.</p>

<p>Refugee</p>	<p>The definition of a refugee as defined on the UKCISA website is:</p> <p>(a) you must be ordinarily resident in England on the first day of the first academic year of your course; and</p> <p>(b) you must:</p> <ul style="list-style-type: none"> • have been recognised as a refugee by the UK Government and have remained ordinarily resident in the UK and Islands since then; or • be the spouse / civil partner of such a refugee and have been in that relationship on the date on which he/she made his/her application for asylum; or • be the child of such a refugee, or the child of such a refugee's spouse / civil partner, and be able to show that on the date that refugee made his/her application for asylum, you were: <ul style="list-style-type: none"> ○ under 18 years of age; and ○ the refugee was your parent, or your parent's spouse / civil partner. <p>Your refugee status will be verified by our Undergraduate Admissions Team if you have declared this in your UCAS application. Please contact us if you have not declared this in your UCAS application and need to do this separately.</p>
<p>Low participation neighbourhood</p>	<p>This is a postcode classification which tells us what proportion of young people from your area progress to higher education. The specific system used is POLAR 3 data supplied to UCAS via the Higher Education Statistics Agency. This system groups postcodes into quintiles. We will count your postcode as low participation if it is quintile 1 or 2. This data is supplied to us via UCAS. Where it is not passed on or does not exist we will not be able to use any other proxy data or alternative classification system.</p>
<p>Low Social mobility neighbourhood</p>	<p>Using the geodemographic segmentation tool, Acorn, we are able to gain an understanding of your socio-economic background. Acorn classifies neighbourhoods based on postcode and other demographic data, social factors, population and consumer behaviours. The system splits postcodes into groups: we will count your postcode as low social mobility if it is in group 4 or 5 (excluding 4K). Where data is missing we will not be able to use any other proxy data or alternative classification system.</p>
<p>Performance of education provider</p>	<p>We will use data about the performance of your school or college at both Level 2 (GSCE) and Level 3 (A level) standard, as appropriate. This data is collected either via UCAS directly or via the relevant government education departments. The data we are using is the most recent available. If you are entering in 2018 we will be using data relating to your school's performance in 2016 examinations. Your school's performance is compared against the published national average for the relevant nation (England, Wales, Scotland, Northern Ireland) for state funded schools only: you meet our criteria if your school's performance is below this national average at either Level 2 or Level 3.</p> <p>The measures we are using to determine school performance vary depending on which nation you are studying in. A summary of the measures used is as follows:</p>

	Nation	Measure at Level 2	Measure at Level 3
	England	5+ GCSE A*-C or equivalent including Maths and English	Average point score per academic entry
	Wales	5+ GCSE A*-C or equivalent including English/Welsh and Maths	Average points score for pupils aged 17
	Northern Ireland	5+ GCSE A*-C or equivalent including Maths and English	% achieving 3+ A Levels A*-C
	Scotland	5 or more SCQF Level 5 or better	5 or more SCQF level 6 or better
	We are unable to gather data for schools outside of the UK, and only gather data for state funded schools. Where data is missing we will not be able to use any other proxy data or alternative classification system.		
Means Tested State Benefit	As part of our process for determining your eligibility for support, we will invite you, in late spring, to indicate whether you or your parent(s), guardian or partner are in receipt of any qualifying government state means-tested benefits . Most UK government income assessed benefits, including child tax credit will qualify. We are aware that there are many different benefit frameworks across the European Economic Area. We will ask you to submit documentary evidence, which will help us to determine whether you have a qualifying benefit. We will accept evidence that includes the tax year(s) 2015-16 or later.		
Access to HE Diploma	The Access to (Higher Education) HE Diploma is a year-long qualification that prepares students to study at undergraduate degree level. This qualification is typically undertaken by mature students, although students of any age can take this qualification.		

15. Appeals

The University's decision on the interpretation of eligibility criteria is final and there is no right of appeal. You may make a complaint if you believe that you have not been considered for an award because of a procedural error, or you believe that there has been some other procedural problem with our allocating and awarding system. Complaints should be made under the terms of our [Admissions Complaints and Appeals Procedure](#). You must comply with all requests for additional information to establish your eligibility within the timeframes specified and you must submit any evidence requested by the stated deadlines.

16. Use of data

In addition to the University [privacy and cookie policy](#), the University may use the widening participation (WP) data / information you share with us to provide information and advice about the University to you as an applicant. Should you subsequently join the University, the University may also use the data to inform our strategies for supporting you as a new entrant, to inform you about provision that you may be able to access, to monitor student success and for other legitimate reasons. Refer to our web pages for our [data protection policies](#). We may also use your data in the allocation of other scholarships on offer from the University and in partnership with corporate donors where funding may be allocated based on your

household income and widening participation factors as defined in these guidelines. Your actual household income data will not be shared with a third party but selection for a scholarship may give an indication that you have met any income thresholds.

17. Use of data – donor and corporate funded awards

Donors and corporates who fund scholarships like to know who is benefitting from their donation. For this reason, the University may give your funder some information about you based on your student record and scholarship application form and exam results. This is always done in liaison with the Department of Development & Alumni Relations.

By accepting a scholarship you are agreeing to these terms. However, if you would prefer any difficult circumstances to be kept entirely confidential or have any questions about this please email undergraduatefunding@bath.ac.uk.

We will also provide you with information about your donor, as appropriate.

18. General information

The GSP, Team Bath and Arts scholarships have additional terms and conditions that are applicable to these schemes. You should read and refer to these if you are successful in gaining an award.

Any queries relating to these terms and conditions should be addressed to the Scholarships & Bursaries Manager, Department of Student Recruitment & Admissions, University of Bath, BA2 7AY or by emailing: undergraduatefunding@bath.ac.uk
