Introduction of Parts and Stages (for the NFAAR) - these describe the structure of the programme for the purposes of assessment and progression. For further information please visit <http://www.bath.ac.uk/registry/nfa/index.htm>

For consistency with the NFAAR, 'mandatory' units will now be listed as 'compulsory' for all years of study.

Designated Essential Units (DEUs) and Designated Essential Optional Units (for optional groups in which the chosen unit becomes a Designated Essential Unit) - as described in the NFAAR - are now defined within the programme structure. NB. Not all programmes of study will include these elements.

For 2008/9 the format of the programme catalogues for Year 2 onwards will be the same as in previous years except that Mandatory units will now be referred to as 'Compulsory'.
