## Steps to using Vault - Supplier Instructions

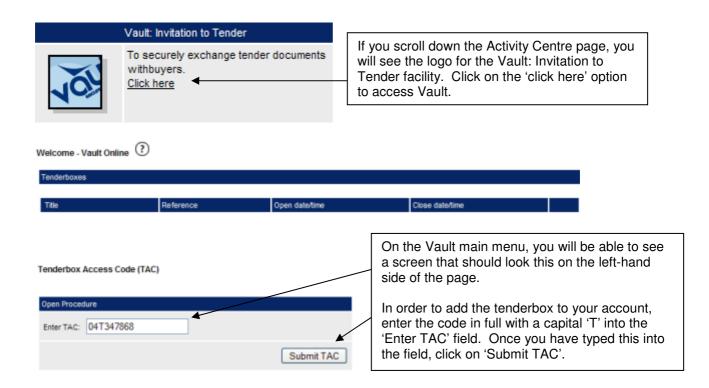

#### **Open Procedure Instructions**

If you have a Tenderbox Access Code (TAC), which looks something like this - '**04T456890**', you can manually add the tenderbox to your account yourself. You can either be sent a TAC by the contracting authority or you can find it within the instructions of the contract notice.

In order to add a tenderbox using the TAC code facility, please follow these instructions:

When you have logged into your account, you will be taken to the 'Supplier - Activity Centre'.

#### Vault - Tenderbox/Open Procedure

#### The tenderbox access code that you entered matches the following tender:

Once you have successfully uploaded your responses into the tenderbox, you will be able to see all your documents listed under the 'Current Documents' area.

This provides reassurance about which documents you have uploaded into the tenderbox. As you can see, you are shown the size of the documents as well as the date and time these were uploaded into the tenderbox. Please take a print screen of this as your confirmation.

Please also download each of the documents to ensure that you have uploaded these without any technical issues/corruptions.

If you have uploaded an incorrect document, click on the 'Delete' option next to the document which you wish to delete. If you need to upload a replacement document, please follow the instructions to upload your document.

Error!

The DELTA system encountered an error which prevented it from executing your last request. Please send an email to helpdesk@delta-ets.com (helpdesk@deltaets.com)

Error message returned was as follows:

Illegal Filename

If when you are uploading your document(s) into the tenderbox you receive a message as shown above (Illegal Filename), this suggests that you have uploaded a document with symbols that cause problems or you have saved the document onto a network drive with higher security features.

To get past this issue, please remove all symbols within the title of the document (this includes hyphens (-), ampersands (&), brackets etc. You should also save this document onto your desktop.

If you are still having issues, please contact the helpdesk in the first instance on 0845 270 7050 or by email (helpdesk@delta-ets.com).

Tenderboxes Use this form to se	nd an email message to the buyer.
Subject:	Tenderbox: Tenderbox Exercise - Open Procedure
Message:	Dear Buyer, Your sincerely, Mary Dubois Mary - Supplier Account
	Email Buyer Reset

In order to contact the buyer, you will need to send an email via the tenderbox. This allows all contact to be captured within an audit trail.

To send an email to the buyer, you will need to log into your account and click on the title of the tenderbox. Once in the tenderbox, click on the option 'Send Email to Buyer'.

The subject line will automatically appear; this will generally be the title of the tenderbox. Within the message field, you will be able to add your comments/questions which can then be sent directly to the buyer.

Once you have added your comments/questions, click on the 'Email Buyer' option for this to be sent over to the buyer.

Once you have completed the above steps, you can log out of your account. The buyer will then contact you in due course regarding the outcome of the tender.

If you have any technical queries with regards to the Delta-ets website (<u>www.delta-ets.com</u>), please contact the helpdesk in the first instance on 0845 270 7050 or via email helpdesk@delta-ets.com.

### Top Tips

- 1) Give yourself plenty of time when uploading your documents into the tenderbox. If you do not upload your documents in time, you may be disqualified by the contracting authority in charge of the tender.
- If you have any questions regarding the documents within the tenderbox, you will need to contact the contracting authority in the first instance. To do this, please use the 'Send Email to Buyer' facility within the tenderbox.
- 3) Download and save all documents onto your computer at your earliest convenience. If you download the documents on the day of the deadline, you may not have enough time to complete the documents with all the required information and upload them into the tenderbox.
- 4) There are no size limitations within Vault. If a document is quite large in size, it may take longer to upload into the tenderbox.
- 5) If you have several documents to upload into the tenderbox, it may be a good idea to zip these together. Please contact the contracting authority first to ensure that they will accept your response in a zipped file.
