## COST OF LIVING / BUDGETING / BANKS

- Work out a realistic budget. Your budget will depend on what **YOU** want to do during your time abroad. Use the budget at the end of this leaflet and convert it into the country's currency.
- Let your UK bank know that you will be going abroad and for how long. Sometimes, for security reasons, your bank may place a stop on your card if you do not inform them.
- Some banks will charge a 'handling fee' or 'withdrawal fee' for cash withdrawals abroad. Check whether your bank does this. Are there any banks that do not charge a fee for withdrawing your money abroad? Is it worth opening another account for this period?
- In the event of card fraud or theft, contact your UK bank immediately.
- Find out about mobile phone rates for calls and texting from abroad. Check out [www.skype.com](http://www.skype.com), <https://duo.google.com/> or contact your current provider. Consider unlocking your phone and getting a sim card abroad.

## FLIGHT/INSURANCE/VISAS/PASSPORTS/OTHERS

- Shop around for flights. Flights can be cheaper to book at certain times of the year.
- Is your passport up to date? If not, get it sorted! Fees start from £82.50 for a first passport or the renewal or replacement of a passport. [www.gov.uk/browse/citizenship/passports](http://www.gov.uk/browse/citizenship/passports)
- Do you need a visa/work permit? Allow enough time to arrange these and be aware that there may be associated costs.
- The Medical Centre charges for Non-NHS Services e.g. medical reports, certificates. You may need a certificate for certain Visas.
- UK residents - apply for your Global Health Insurance Card (GHIC). This will allow you to receive state healthcare in Europe at a reduced cost or sometimes for free. Applying for the card is free and you will need a National Insurance number (NINO). To apply for a NINO (England, Scotland & Wales) contact 0800 141 2079. For Northern Ireland contact 0800 587 0024
- For further information and how to apply for an GHIC visit: [www.gov.uk/european-health-insurance-card](http://www.gov.uk/european-health-insurance-card)
- If you are not a UK national, there may be some restrictions in place in relation to countries in which you can receive treatment, so please check your country's own agreements with other countries before travelling.
- Please note that if you have any pre-existing medical conditions, you may need to pay a premium, so check if the insurance covers you for these.

## QUESTIONS AND ANSWERS

### Q - Do I still have to register as a student for my Placement Year?

- Yes, you must register for the new academic year. You can do this via ROL nearer the time.
- For further information see [www.bath.ac.uk/professional-services/academic-registry/](http://www.bath.ac.uk/professional-services/academic-registry/)

### Q – Can I still apply for a Maintenance Loan?

- Yes. Complete your application for your loan before you begin your placement and apply early to ensure you receive your funding in good time. Check Student Finance Online when applications open: [www.gov.uk/apply-online-for-student-finance](http://www.gov.uk/apply-online-for-student-finance).

### Q – When will the Maintenance Loan be paid?

- Instalment dates are usually around the beginning October and January with the final one around April/May depending on what date Easter falls.

### Q – My placement starts before the first instalment is paid, can I have it earlier?

- Generally, you can have the first instalment up to 25 working days before the start of the first term if you are undertaking a UK work placement, study abroad or work abroad placement only. If you are undertaking study abroad or work abroad placement more than 25 days before your course start date SFE are able to manually pay you your first instalment early. Make sure Student Records know the actual start date of your placement.

### Q – My placement is paid. Will I still need my loan?

- That's for you to decide. You could still take out all or part of your loan entitlement in your placement year, as it could be an 'insurance' against future need or you could save it for your final year.

### Q – Do I have to pay tax during my paid employment?

- If your placement is in the EU or abroad, you will need to check with your employer whether you will have to pay tax or other charges on any earnings whilst you are working.

### Q – Will my or my family's Benefit entitlement be impacted?

- A paid placement will impact any means-tested benefits you are in receipt of. It will only impact your family's benefit entitlement if you are living with them during your placement.

### Q – Will I still receive my Bath Bursary?

- Yes, but only if you are doing a year-long unpaid work placement or year-long study placement.
- Your bursary will be paid directly into your bank account in three instalments during the academic year.
- Further details can be found on [www.bath.ac.uk/campaigns/the-bath-bursary](http://www.bath.ac.uk/campaigns/the-bath-bursary)

### Q. Is there any other financial support?

- Alumni offer funding through their Placement Scheme see [www.bath.ac.uk/guides/alumni-fundplacement-grants](http://www.bath.ac.uk/guides/alumni-fundplacement-grants) Funding is not guaranteed.

### Q - What about my Disabled Students Allowance (DSA)?
